Re: GrafNav/Net and Inertial Explorer Training Seminar

Due to continued customer interest, NovAtel's Waypoint Products Group will be conducting a training session for its GrafNav/Net and Inertial Explorer post-processing software in Calgary from May 4 to 6 2010. The first two days (May 4 and 5) will cover GNSS post-processing (GrafNav/Net) while the third day will cover GNSS/IMU post-processing (Inertial Explorer).

The course is composed of hands-on training intended for end-users performing kinematic GNSS and/or GNSS/IMU data processing, and it will be taught by Waypoint's support and software development engineers. Having some previous exposure to GrafNav/GrafNet and/or Inertial Explorer will be beneficial.

Registrants can choose to attend only the first two days (GrafNav/Net training) or the full three day course (GrafNav/Net + Inertial Explorer).

Cost
- Two day GrafNav/Net course (May 4, 5): $600 US (GST included)
- Three day GrafNav/Net + Inertial Explorer course (May 4, 5, 6): $900 US (GST included)

Refreshments and lunch are included as well as a training material and sample data. Registrations must be received by April 19th 2010 and can be made by VISA, MasterCard or American Express. All payments will be processed April 20th 2010. Entrants must secure their own travel and accommodation (please see the location section).

Registration
Please register by April 19th 2010 by completing one registration form below for each entrant. Please return the form electronically to support@novatel.ca. Once your registration form is received, you will be sent by email either a confirmation of seat availability or notice that we are unable to accommodate your request. If you do not receive confirmation within 2 business days please contact Waypoint by phone at (403) 730-4124 or (403) 730-4110 or by email at support@novatel.ca.

Requirements
Waypoint will supply the software and USB hardlock keys for the duration of the course. **Entrants will be required to bring a laptop computer**. We generally spend a couple of hours processing customer data and therefore we ask that entrants bring their own problematic data or any data typical of their application that they would like to process during the course. **In order for the course to be presented as organized as possible**, we ask that users interested in this please contact support@novatel.ca for instruction on how to upload their data prior to the course.

Location
Acclaim Hotel Calgary Airport (http://www.acclaimhotel.ca/)
123 Freeport Blvd. NE, Calgary, AB T3N 0A3
Phone: (403) 291-8000 | Fax: (403) 532-9400 | Toll Free: (866) 955-0008

Room Rate: $129.00/night
Hotel Direct Booking Code: NOWAY (Novatel Waypoint)
Online booking code: http://booking.ihotelier.com/istay/istay.jsp?groupID=443009&hotelID=15468

Please note the hotel offers a complimentary shuttle to and from the airport. Room rate and availability are not guaranteed after April 18th 2010.

Number of Entrants
Due to the tutorial and hands-on nature of the course, it is necessary to restrict the class size to approximately 20. Spaces have historically filled up quickly, so be careful not to leave booking too late. Applicants will be registered on a first-come basis. Waypoint reserves the right to cancel the course if too few people register prior to April 19 2010.
