

GrafNav/Net and Inertial Explorer Training Schedule

Due to continued customer interest, the Waypoint Products Group will be conducting the following training seminars for its GrafNav and Inertial Explorer products:

<u>GrafNav/Net</u> September 18/19 2012 March 5/6 2013	<u>Inertial Explorer</u> December 4/5 2012 June 4/5 2013
--	--

Please complete one registration form (page 3) for each entrant and return to Kristin.MacIsaac@novatel.com. Once your registration is received you will be sent by email a confirmation of availability. If you prefer to complete the registration by phone please contact Kristin at (403) 730-4694 in Calgary, Canada.

Location

Suite 305
2200 Space Park Drive
Houston TX 77058

Each seminar will be held at our Houston sales office. Registrants are responsible for securing their own travel and hotel accommodations. There are several hotels nearby, however please feel free to contact us for recommendations.

Cost

The cost to attend any two day seminar (GrafNav or Inertial Explorer) is \$700 per person. The cost includes two full days of training (8:30 AM to 4:30 PM), lunch and refreshments. Entrants must secure your own travel and accommodation. Please see the "Location" section for more information.

Please do not make travel arrangements until the course has been confirmed. We will confirm six weeks prior to the start or earlier. NovAtel reserves the right to cancel if too few registrations are received six weeks prior to each seminar.

Class Size

Due to the size of our meeting facilities in Houston, class size is limited to approximately 10 registrants. Small class sizes also allow for more customized training. Registrations will be handled on a first come, first serve basis.

Requirements

NovAtel will supply the software, temporary licenses and training material. *Entrants are required to bring a laptop computer in order to process data during the seminar.*

Cancellation Policy

Your registration will not be processed if your cancellation notice is received within two months of the start date. You will be notified of the exact cancellation date for the seminar you are registering for when we confirm seat availability.

Refunds *may* be provided if cancellation notice is received within two months, however only if we are able to fill your spot with another registrant. This policy is in place because when we confirm a course will be held, we are committed to significant costs (travel and time) for each seminar.

GrafNav/Inertial Explorer Training Seminar Registration Form
