Use numbers indicated when ordering replacements or optional accessories from your Panasonic dealer. (Product numbers correct as of November 2004. These may be subject to change.)  
**To order accessories in the U.S.A., refer to "Accessory Purchases" on page 3.**

# Caution

Discontinue use if you experience discomfort with the earphones or any other parts that directly contact your skin. Continued use may cause rashes or other allergic reactions.

- Batteries**
  - Do not peel off the covering on the batteries and do not use if the covering has been peeled off.
  - Align the poles + and - correctly when inserting the batteries.
  - Do not mix different types of batteries or old and new batteries.
  - Remove the batteries if you do not intend to use the unit for a long time.
  - Do not throw into a fire, short-circuit, disassemble, or subject to excessive heat.
  - Do not attempt to recharge dry cell batteries.
  - When carrying batteries in a pocket or bag, ensure no metal objects such as necklaces are placed together with them. Contact with metal may cause short-circuiting which can cause a fire.
  - Keep out of the reach of small children. Accidental swallowing of batteries can result in stomach and intestinal damage.
- CDs**
  - Do not use irregularly shaped CDs.
  - Do not use non-specification discs.
  - Do not use CDs printed with label printers available on the market.
  - Do not use CDs with labels and stickers that are coming off or with adhesive exuding from under labels and stickers.

## Listening

Do not play your headphones or earphones at a high volume. Hearing experts advise against continuous extended play.

If you experience a ringing in your ears, reduce volume or discontinue use.  
 Do not use while operating a motorized vehicle. It may create a traffic hazard and is illegal in many areas.  
 You should use extreme caution or temporarily discontinue use in potentially hazardous situations.  
 Even if your headphones or earphones are the open-air type designed to let you hear outside sounds, don't turn up the volume so high that you can't hear what's around you.

Sound can be deceiving. Over time your hearing "comfort level" adapts to higher volumes of sound. So what sounds "normal" can actually be loud and harmful to your hearing. Guard against this by setting your equipment at a safe level BEFORE your hearing adapts.  
 To establish a safe level:  
 • Start your volume control at a low setting.  
 • Slowly increase the sound until you can hear it comfortably and clearly, and without distortion.

Once you have established a comfortable sound level:  
 • Leave it there.

# IMPORTANT SAFETY INSTRUCTIONS

Read these operating instructions carefully before using the unit. Follow the safety instructions on the unit and the applicable safety instructions listed below. Keep these operating instructions handy for future reference.

- 1) Read these instructions.
- 2) Keep these instructions.
- 3) Heed all warnings.
- 4) Follow all instructions.
- 5) Do not use this apparatus near water.
- 6) Clean only with dry cloth.
- 7) Do not block any ventilation openings. Install in accordance with the manufacturer's instructions.
- 8) Do not install near any heat sources such as radiators, heat registers, stoves, or other apparatus (including amplifiers) that produce heat.
- 9) Do not defeat the safety purpose of the polarized or grounding-type plug. A polarized plug has two blades with one wider than the other. A grounding-type plug has two blades and a third grounding prong. The wide blade or the third prong are provided for your safety. If the provided plug does not fit into your outlet, consult an electrician for replacement of the obsolete outlet.
- 10) Protect the power cord from being walked on or pinched particularly at plugs, convenience receptacles, and the point where they exit from the apparatus.
- 11) Only use attachments/accessories specified by the manufacturer.
- 12) Use only with the cart, stand, tripod, bracket, or table specified by the manufacturer, or sold with the apparatus. When a cart is used, use caution when moving the cart/apparatus combination to avoid injury from tip-over.
- 13) Unplug this apparatus during lightning storms or when unused for long periods of time.
- 14) Refer all servicing to qualified service personnel. Servicing is required when the apparatus has been damaged in any way, such as power-supply cord or plug is damaged, liquid has been spilled or objects have fallen into the apparatus, the apparatus has been exposed to rain or moisture, does not operate normally, or has been dropped.

## WARNING:

**TO REDUCE THE RISK OF FIRE, ELECTRIC SHOCK OR PRODUCT DAMAGE, DO NOT EXPOSE THIS APPARATUS TO RAIN, MOISTURE, DRIPPING OR SPLASHING AND THAT NO OBJECTS FILLED WITH LIQUIDS, SUCH AS VASES, SHALL BE PLACED ON THE APPARATUS.**

## CAUTION!

**THIS PRODUCT UTILIZES A LASER. USE OF CONTROLS OR ADJUSTMENTS OR PERFORMANCE OF PROCEDURES OTHER THAN THOSE SPECIFIED HEREIN MAY RESULT IN HAZARDOUS RADIATION EXPOSURE. DO NOT OPEN COVERS AND DO NOT REPAIR YOURSELF. REFER SERVICING TO QUALIFIED PERSONNEL.**

### THE FOLLOWING APPLIES ONLY IN THE U.S.A.

## CAUTION:

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Any unauthorized changes or modifications to this equipment would void the user's authority to operate this device.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

## Product service

- 1. Damage requiring service**—The unit should be serviced by qualified service personnel if:
  - (a) The AC power supply cord or AC adaptor has been damaged; or
  - (b) Objects or liquids have gotten into the unit; or
  - (c) The unit has been exposed to rain; or
  - (d) The unit does not operate normally or exhibits a marked change in performance; or
  - (e) The unit has been dropped or the cabinet damaged.
- 2. Servicing**—Do not attempt to service the unit beyond that described in these operating instructions. Refer all other servicing to authorized servicing personnel.
- 3. Replacement parts**—When parts need replacing ensure the servicer uses parts specified by the manufacturer or parts that have the same characteristics as the original parts. Unauthorized substitutes may result in fire, electric shock, or other hazards.
- 4. Safety check**—After repairs or service, ask the servicer to perform safety checks to confirm that the unit is in proper working condition.

# Panasonic Portable Audio Products Limited Warranty

## Limited Warranty Coverage

If your product does not work properly because of a defect in materials or workmanship, Panasonic Consumer Electronics Company or Panasonic Puerto Rico, Inc. (collectively referred to as "the warrantor") will, for the length of the period indicated on the chart below, which starts with the date of original purchase ("warranty period"), at its option either (a) repair your product with new or refurbished parts, or (b) replace it with a new or a refurbished product. The decision to repair or replace will be made by the warrantor.

Product or Part Name	Parts	Labor
All Portable Audio Products except item listed below	One (1) Year	One (1) Year
Rechargeable batteries (in exchange for defective item)	Ten (10) Days	Not applicable

During the "Labor" warranty period there will be no charge for labor. During the "Parts" warranty period, there will be no charge for parts. You must mail-in your product during the warranty period. This Limited Warranty excludes both parts and labor for batteries, antennas, and cosmetic parts (cabinet). This warranty only applies to products purchased and serviced in the United States or Puerto Rico. This warranty is extended only to the original purchaser of a new product which was not sold "as is".

## Limited Warranty Limits And Exclusions

This warranty ONLY COVERS failures due to defects in materials or workmanship, and DOES NOT COVER normal wear and tear or cosmetic damage. The warranty ALSO DOES NOT COVER damages which occurred in shipment, or failures which are caused by products not supplied by the warrantor, or failures which result from accidents, misuse, abuse, neglect, mishandling, misapplication, alteration, faulty installation, set-up adjustments, misadjustment of consumer controls, improper maintenance, power line surge, lightning damage, modification, introduction of sand, humidity or liquids, commercial use such as hotel, office, restaurant, or other business or rental use of the product, or service by anyone other than a Factory Servicer or other Authorized Servicer, or damage that is attributable to acts of God.

**THERE ARE NO EXPRESS WARRANTIES EXCEPT AS LISTED UNDER "LIMITED WARRANTY COVERAGE".**

**THE WARRANTOR IS NOT LIABLE FOR INCIDENTAL OR CONSEQUENTIAL DAMAGES RESULTING FROM THE USE OF THIS PRODUCT, OR ARISING OUT OF ANY BREACH OF THIS WARRANTY.** (As examples, this excludes damages for lost time, travel to and from the servicer, loss of or damage to media or images, data or other memory or recorded content. The items listed are not exclusive, but are for illustration only.)

**ALL EXPRESS AND IMPLIED WARRANTIES, INCLUDING THE WARRANTY OF MERCHANTABILITY, ARE LIMITED TO THE PERIOD OF THE LIMITED WARRANTY.**

Some states do not allow the exclusion or limitation of incidental or consequential damages, or limitations on how long an implied warranty lasts, so the exclusions may not apply to you.

This warranty gives you specific legal rights and you may also have other rights which vary from state to state. If a problem with this product develops during or after the warranty period, you may contact your dealer or Servicer. If the problem is not handled to your satisfaction, then write to the warrantor's Consumer Affairs Department at the addresses listed for the warrantor.

# Note on CD-R and CD-RW

## (CD-DA/MP3 only)

For CD-DA format, use a music disc and finalize<sup>®</sup> it after recording. The unit may not be able to play some discs due to the condition of the recording.

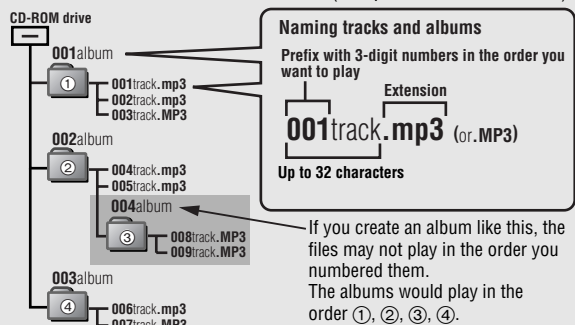

※A process performed after recording that enables CD-R/CD-RW players to play audio CD-R and CD-RW.

## Playing MP3

MP3: A method of compressing data with little loss to the original sound quality.

### ■When creating MP3 files to play on this unit

Disc formats: ISO9660 level 1 and level 2 (except for extended formats)

### ■Unit limitations

- This unit is compatible with multi-session discs but if there are a lot of sessions it takes more time for play to start. Keep the number of sessions to a minimum to avoid this.
- This unit cannot play files recorded using packet write.
- Depending on how you create MP3 files, they may not play in the order you numbered them or may not play at all.

MPEG Layer-3 audio decoding technology licensed from Fraunhofer IIS and Thomson multimedia.

# Connections

References to the remote control apply only to **SL-CT582V**.

## Turn off this unit and the other equipment before connection.

Insert each plug fully. [Plug type: 3.5 mm (1/8 in.) stereo]

When the unit is connected to other equipment, adjust the volume on the connected equipment. (Product numbers correct as of November 2004. These may be subject to change.)

# Power Supply

• Recharging/Play time ⇄ page 2, Specifications

• To save power when the unit is not to be used for a long time, unplug the AC adaptor from the household AC outlet.

## Dry cell batteries (not included)

“LR03, AAA, UM-4” alkaline batteries  
(Lift up the ⊕ end when removing.)

- Fit the battery lid so it is secure and flush with the battery compartment. If it comes loose, it may scratch your discs.

### ■External battery case

You can get longer play time by attaching this case. (The unit will also work when using the case only.)

## The battery indicator

This indicator appears when the unit is on.

- Before play starts the battery indicator level may temporarily go down or flash although the batteries are not drained. It appears correctly once you start play.
- The battery indicator level may differ when listening to a CD or the radio.
- The battery indicator level may briefly go down when changing from CD to radio or vice versa. It appears correctly immediately afterwards.

## Rechargeable batteries (not included) Charge before initial use.

As a safety precaution this unit is constructed so it is not possible to charge ordinary batteries. For details, check with your dealer.

When charging, use only the following Panasonic Nickel-metal hydride rechargeable batteries.  
HHR-4AGA/2B (set of 2)

You cannot charge any other type of rechargeable/dry cell batteries.

Turn the unit off (⇄page 5, 6) before charging.

- 1 Insert in the same way as the dry cell batteries.

- The battery indicator “” scrolls while charging and disappears when finished.
- You can charge the batteries before they are fully discharged.

## AC adaptor (not included)

The unit will also work when using the AC adaptor only. Connect the AC adaptor (⇄above).
