

Important Information

(except Clamp Filter for S-VIDEO Cable)

Clamp Filter

(for POWER Cable (except for NV-APD1B),
VIDEO Cable and EDIT Cable) (J0KG00000037)

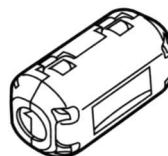

In order to prevent electromagnetic interference,
install the Clamp Filter (supplied) on the Cable as
shown in the figure above. (1)

- After passing the Cable through the Clamp Filter
and looping it around once, close the Clamp Filter
until it clicks into place.

Important Information

(for S-VIDEO Cable)

Clamp Filter (for S-VIDEO Cable) (J0KG00000068)

In order to prevent electromagnetic interference,
install the Clamp Filter (supplied) on the Cable as
shown in the figure above. (2)
