Easy and accurate temperature soother measurements

Just place the integrated thermometer soother in baby's mouth and wait for the results.

Nipple suitable for sterilizing* or boiling

This ensures that the highest possible standards of hygiene are met for your baby.

Orthodontic silicon nipple Size 1

Designed for new-born babies for comfort and safety.

Dimpled shield on soother

Helps prevent irritation on baby's sensitive skin.

Flexible tip digital thermometer

This digital thermometer is very accurate for added reassurance and makes rectal temperature measurements safe and easy without discomfort to your baby.

Regular soother included

Helps baby get used to using the integrated thermometer soother.

*** Ideal for use with Philips Baby Bottle Sterilizer (SBC SC225)**
