## Configuring Your FERRUPS UPS

FERRUPS must be ordered using a Configure To Order (CTO) Number that reflects the cabinet style, VA rating, voltages, runtime, and other options pertaining to the FERRUPS configuration. As you select the options needed, they will become part of the CTO number.

Sample CTO Number: FC000BB2A0A0A0A. See page 850-4 for a CTO worksheet.
External battery packs, bypass switches and other external options will need to be ordered as separate line items.
