4. "Limited" means that we will repair problems that are caused by factory defects, only for the above mentioned products and time limit, at no charge. Work performed by qualified technicians which did not cause any damage to the radio will not void the warranty. Problems or damage caused by unqualified or misinformed technicians, operator abuse or other miscellaneous actions may be able to be repaired, but there will be a charge. This warranty is limited to the radio only.

2. Generally, if the warranty sticker is removed or cut, the radio is considered to be "Void of Warranty." However, our policy is to be as lenient as we can, and to take this into consideration. We will usually repair the radio - under warranty - if no abuse or misuse is found. Radios that have parts removed cut or clipped, or the PCB has been damaged, will not be repaired under warranty.
