

THE RICOH AFICIO AP3850C

THE RICOH COOLON OF CONTRACT O

ROGOD Aticio

<u>Ricoh</u> and <u>EFI</u>[®] have partnered to combine their expertise in high-speed printing and print controller technology.

THE RESULT: Uncompromising document production for the workgroup with extensive job and color management tools.

Introducing the Ricoh Aficio AP3850C

Integrating high-speed printing with a print controller optimized for performance.

The new Ricoh Aficio AP3850C color laser printer combines Ricoh's high-speed printing technology with EFI's Fiery Print Controller. Imagine, color prints at an amazing 28 ppm and black & white documents at 38 ppm, this level of productivity is unaffected even when printing duplex! With true 1,200 x 1,200 dpi resolution and an embedded EFI Fiery Print Controller, the AP3850C prints vibrant color images with detail, giving you the ability to create spectacular color presentations, impressive sales literature, exciting newsletters, and more.

For AP3850C users, the waiting game is over. It features First Print Out times of less than 12 seconds for color and 9 seconds for black & white, along with RIP-While-Print[®] capability to maximize throughput on sequential jobs. Being "Fiery Driven^{*}" means that the AP3850C incorporates robust color management tools, extensive job management utilities and, options such as EFI Command WorkStation[™] and EFI Velocity[™] workflow software that deliver outstanding value.

Finally, it's more than just printing speed that sets the AP3850C apart from the competition. Document finishing—collating, stapling and even punching put the AP3850C in its own product class. Speed, ease-of-use, and complete document finishing all add up to one answer: The Ricoh AP3850C!

RIGOR®

Exceeding the Performance Standard

The AP3850C sets a new standard in printing performance for the office for both color and black & white document production... all at a low cost of ownership.

- At 38 ppm in black & white and 28 ppm in color, with on-line finishing options, there is no competition that can deliver a comparable level of document productivity at the same price. The AP3850C uses a tandem drum printing system that images each color successively in a single pass, enabling the AP3850C to maximize printing output.
- Automatic duplex printing or document finishing has no impact on throughput; the AP3850C maintains its full rated speed in both color and black & white.
- The AP3850C doesn't even slow down when the documents are finished on-line with the optional SR770 Finisher. Collating, stapling, and punching (optional) are performed effortlessly.
- •With a 700 MHz CPU, even the most complex graphics are processed in minimal time, while the Fiery driven RIP-While-Print and continuous print technologies optimize the workflow to drive the AP3850C at its rated speed.

Quality Color Imaging Without The High Cost

Now not only can you create your documents internally, but produce them with a professional look as well.

- Eliminate costly and time-consuming outsourcing for your color printing needs. Take control of the entire creative and production process.
- •With a maximum resolution of 1,200 x 1,200 dpi, everything from text to graphics to photos print with vivid color and exceptional detail.
- Greater color control is available through Fiery ColorWise Pro Tools[™], which enables you to fine-tune the color output to match the application requirements.

AP3850C

Convenience Through Paper Handling and Finishing

Any printing speed advantages of a printer can be lost without ample paper supply and document finishing. Replenishing paper or assembling and stapling documents together disrupts production and requires manually interaction. With the AP3850C, productivity is based on document throughput—not just printed pages.

- The standard AP3850C comes with a capacity of 1,100 sheets, which can be easily increased to 3,100 sheets through five trays, reducing production interruptions for paper loading.
- Choice of either a 4-bin Mailbox or a 2,500-sheet document finisher makes it easy to separate documents for immediate distribution.
- •The AP3850C prints on a range of media and paper types, which include 90 lb. index, OHP transparencies, and labels, in sizes up to 12 x 18 inches.

EFI Fiery Driven[°] Means More Than Speed

EFI[®] is the leading developer of print controllers for color imaging applications. The Fiery[®] Print Controller is not only optimized for performance, it encompasses a range of tools and utilities that provide color control, job management, and seamless networking.

- EFI Fiery ColorWise[®] provides the ability to fine tune the color output to simulate different offset press standards like SWOP, Euroscale, or DIC. Color consistency and predictability can't be any easier than with Fiery ColorWise.
- Optional EFI Command WorkStation (CWS) is a simple-to-use job management tool that helps you manage one or more AP3850Cs on a network. Not only can you monitor the printing activity, you can prioritize the printing queue and resend jobs for printing without re-RIPing.

Command Workstation (main window)

 Remote job management is available with EFI Fiery WebTools[™], which can be accessed through any standard Javaenabled Web-browser. Similar to Command WorkStation, Fiery WebTools enables you to manage, monitor, and manipulate the print job queue on the AP3850C.

- Network connectivity could not be simpler than with EFI Fiery NetWise[™], which supports all popular network environments. The AP3850C automatically switches between all standard protocols and transfer speeds, including TCP/IP, IPX/SPX, and AppleTalk, as well as major network ports and topologies such as 10/100 BaseTX connections.
- The optional EFI Velocity workflow software enables you to coordinate the printing capacity of multiple networked AP3850Cs. A request for multiple copies of a single document can be printed through two or more AP3850C printers. Thus, two AP3850Cs have the virtual printing capacity of 56 ppm in color and 76 ppm in black & white.

The AP3850C is based on proven technologies: Ricoh's high-speed tandem drum imaging technology and EFI's Fiery Print Controller. The result is a document production system optimized for performance and color quality. There is no longer any reason not to have color in-house. The Ricoh Aficio AP3850C makes it all possible.

Speed and Delivery

THE RICOH AFICIO

AP3850C

General Specifications

Configuration:	Desktop		
Technology:	Laser beam scanning, electro-photographic printing and dual toner development		
Resolution:	True 1,200 x 1,200 dpi, 600 x 600 dpi		
Printing Speed:	38 ppm (black & white), 28 ppm (full color) @ 600 x 600dpi; 28ppm (black & white), 14		
	ppm (full color) @ 1200 x 1200dpi		
	Thick Paper / Transparencies: 10ppm (black & white/full color)		
	Duplex 38 ipm in color, 28 ipm in black & white		
	Stapling/Punching: Same as the simplex printing speed		
First Print Speed:	Less than 12 seconds full color; less than 9 seconds black & white		
Input Capacity:	Bypass Tray: 100-sheet		
	2 x 500 sheets		
	Up to 3,100 sheet total capacity		
Output Capacity:	Standard: 500 sheets, plus 100-sheet Face-up output tray		
	Optional 4-Bin Mailbox: 125 sheets x 4 bins		
	Optional Finisher: 2,500 sheets		
Paper Sizes:	Standard Trays: 8 1/2" x 11", 8 1/2" x 14", 11" x 17", 7 1/4" x 10 1/2", 8" x 13",		
	8 1/2" x 13", 8 1/4" x 13", A5, A4, A3		
	Bypass tray: Width 4.0" to 12.0"; Length 5.8" to 18.0"		
Paper Weight:	Trays: 16 lb. to 28 lb. Bond		
	Bypass tray: 16 lb. Bond to 90 lb. Index		
Paper Types:	Plain paper, Laser-printer qualified transparencies, card stock, and labels-Bypass tray		
	and Face-Up output tray only		
Duplex Printing:	Optional with AP3850C		
Power Consumption:	1,550W or less		
	Energy Saver Mode: 45W or less		
Warm-up Time:	Less than 190 seconds		
Dimensions (W x D x H):	AP3850C: 22.7" x 26.7"x 28.2"; AP3850C D: 26.2" x 26.7" x 34.3"; AP3850C DT2:		
	26.2" x 26.7" x 38.2"		
Weight:	AP3850C: 180 lbs.; AP3850C D: 198 lbs.; AP3850C DT2: 253 lbs.		
EFI [®] Fiery Print Cor	troller Specifications		
Printer Languages:	PCL5c emulation, Adobe PostScript 3		
Fonts:	For PS: 136 Adobe Type 1 fonts		
ronta.	For PCL: 35 Intellifonts, 10 TrueType fonts, 1 bitmap font		
Memory:	128 MB RAM; expansion up to 256 MB		
Interface:	10/100 Base TX Ethernet (RJ45 port)		
interface.	IEEE1284 Parallel Type C		
Network Protocols:	Simultaneous auto-sensing and auto-switching protocols:		
HOLMOIN FIULUGUIS.	5		
Driver:	TCP/IP, IPX/SPX, AppleTalk, SMB, LPD/LPR		
Diiver.	PCL5c: Windows 95/98/Me/NT 4.0/2000/XP		
	PS: Windows 95/98/Me/NT 4.0/2000/XP, Mac 8.6 or later		
Hard Disk Drive:	10 GB		
Print Job Management Utility:	Fiery WebTools™ (includes Fiery WebDownloader™)		

Controller Options

Memory Options: PC100 compliant SDRAM (maximum of 256 MB total) 64 MB (Part #001339MIU), 128 MB (Part #001340MIU)

Paper Handling Options

Paper Tray Type 38	00C 500 sheets x 1 tray	(Part # 400775)	
Paper Size:	Same as standard trays		
Paper Weight:	Same as standard trays		
Paper Capacity:	500 sheets		
	Note: 500 x 1, 500 x 2, and LCT can	not be simultaneously installed.	
Paper Tray Type 38	00C 500 sheets x 2 trays	(Part # 400776)	
Paper Size:	Same as standard trays		
Paper Weight:	Same as standard trays		
Paper Capacity:	1,000 sheets		
	Note: Standard with AP3850C DT2		
Large Capacity Tray Type PS470		(Part # 400777)	
Paper Size:	8 1/2" x 11"		
Paper Weight:	Same as standard trays		
Paper Capacity:	2,000 sheets		
Duplex Unit Type 3800C		(Part # 400774)	
Paper Size:	Up to 11" x 17"		
Paper Weight:	16 to 28 lb. bond		
	Note: Standard with AP3850C D and	DT2.	
SR770 Finisher		(Part # 400542)	
Stack Capacity:	Lower Staple Tray: 2,000 sheets (8 1	./2" x 11", 20 lb.)	
	or 750 sheets (11" x 17", 20 lb.)		
	Upper tray: 500 sheets (8 1/2" x 11", 20 lb.) or 250 sheets (11" x 17", 20 lb.)		
Staple Capacity:	50 sheets (8 1/2" x 11", 20 lb.) or 30 sheets (11" x 17", 20 lb.)		
Staple Paper Size:	8 1/2" x 11", 8 1/2" x 14", 11" x 17", A3, A4		
Staple Paper Weight:	17 to 23 lb. bond		
	Note: Cannot be simultaneously installed with 4-Bin Mailbox.		
	Requires installation of Duplex Unit a	nd additional paper input options	
Punch Kit Type 1045		(Part # 410785)	
Number of Holes:	Two or Three		
Paper Size:	8 1/2" x 11", 11" x 17", A3, A4		
Paper Weight:	16 to 28 lb. bond		
4-bin Mailbox		(Part # 400546)	
Stack Capacity:	125 sheets per bin		

	(1411 # 400040)		
Stack Capacity:	125 sheets per bin		
Paper Size:	Same as standard trays		
Paper Weight:	16 to 28 lb. bond		
	Note: Cannot be simultaneously installed with SR770 Finisher.
