PageMaster™/PageMaster 1

15" White Monochrome Monitors – Models MP5671/MP5771

A full-page vertical display with 1,006 x 1,048 (IBM®) or 640 x 870 (Apple® Mac II® and Mac SE®) resolution designed for desktop publishing applications. Sharp, crisp images for CAD, complex graphics and full-screen wordprocessing or spreadsheets. Includes video card and software drivers disk.

1,006 x 1,048 resolution, paper white monochrome display for razor-sharp text and detailed graphics. Four gray scales (IBM version) and full Hercules® emulation capability.

A 15" non-glare, one-page vertical display perfect for Ventura Publisher,® Aldus Pagemaker,® AutoCAD,® Lotus® 1-2-3, Wordstar® and other popular programs.

Full-page video controller board and software drivers disk for IBM and compatibles, or a CMT21M controller for the Apple Mac II included with each samitor. CMSII controller for the Mac SE also available.

The PageMaster 1 includes a flat, non-glare 15" screen to enhance contrast and prevent distortion in the far corners of the screen.
