## Quick Start Guide

### FCC DECLARATION OF CONFORMANCE

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

### CLASS B

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in residential installation.

This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications.

However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

**CAUTION:** Any changes or modifications made to this equipment may void the user's authority to operate this equipment.

### Kit Contents

AC Adaptor

USB Cable

Seagate BlackArmor WS 110 Drive

Stand

Rubber Feet

Click into place.

### Free With Registration

eSATA Cable

Cable not included.

## 1 Power

## 2 Connect

## 3 Install

After drive is connected, software installer automatically launches.

Follow the on-screen instructions.

### RECOMMENDED: Create Recovery CD

Be sure to create a system recovery CD using BlackArmor Backup Software. Your system and data can be restored using this CD. See the *BlackArmor Backup User Guide* for instructions.

## Optional

To begin the installation process using an eSATA cable, double-click the **My Computer** icon, then **BlackArmor Drive** to locate **Setup.exe**.
