

SHARP®

MX-3501N MX-4501N

Workgroup Color Document Systems

With uncompromising quality and outstanding reliability, Sharp's new MX-3501N and MX-4501N deliver all the functionality today's growing businesses need, along with the added benefits of high-quality, cost-effective color. These versatile, scalable systems can easily copy, print, scan, fax, email or store your files with great efficiency. But that's only the beginning. The new MX-3501N and MX-4501N both offer Sharp's newest innovation, **Open Systems Architecture** (Sharp OSA). Designed to boost productivity, Sharp OSA gives you one-touch access to your business applications right from the LCD display, offering a new realm of control and convenience. With advanced web-based management and easy-to-use tools, monitoring and containing costs is effortless, so keeping an eye on the bottom line is never an issue. And for unparalleled security, Sharp's new MX-3501N and MX-4501N can protect your data by securing walk-up, scan and network access. With several layers of device protection, Sharp can help keep your business ahead of regulatory compliance.

Sharp's Newest Features

- Extraordinary 800 MHz **multi-tasking color** document system with copy, print and network scanning standard
- Versatile application integration with Sharp's **Open Systems Architecture** enables users to access network applications right from the LCD panel
- Sharp's outstanding **multi-level document and network security***
- Standard 150-sheet duplex single pass document feeder with **Color Scan²**
- Large **5,600-sheet** maximum on-board paper supply (1100 standard)
- Standard **80 GB HDD** allows greater job queuing and document filing
- **Customizable**, easy-to-navigate touch-screen display
- One-touch **ImageSEND™** facilitates scans to USB devices, network folders, email and more
- Space-saving **Inner Finisher** or **Saddle-stitch Finisher** and hole punch options

The total package

With impressive speeds at 35 ppm in both B&W and Color, the MX-3501N can easily keep up with the demands of busy offices and workgroups. The faster MX-4501N delivers a speedy 45 ppm in B&W and 35 ppm in color. With an incredible **5,600-sheet maximum paper capacity** and standard **150-sheet duplex single pass document feeder**, these powerful performers can handle even the largest projects with ease. Trayless duplexing, electronic sorting and integrated offset stacking make organization and distribution effortless. Front-loading paper drawers and easy-to-change toner cartridges simplify maintenance. And if that's not enough, new **long-life consumables** and supplies minimize service calls, resulting in lower operating costs.

Color Scan² technology delivers twice the productivity

Speed up your workflow with Sharp's innovative **Color Scan² technology**. With simultaneous scanning of 2-sided documents, the MX-3501N and MX-4501N can easily process large-scale projects with incredible efficiency. And since the document is scanned only once, paper misfeeds are reduced, resulting in greater productivity and reliability.

Innovative document filing

For even more efficiency, the MX-3501N and MX-4501N offer convenient **Document Filing**. Businesses can now maintain consistency by standardizing and storing frequently used files such as fax cover sheets, distribution forms, and more. With **30 GB of storage capacity**, everyone can retrieve and share documents. Need to restrict access to select users? Not a problem. With private storage features, PIN-code access, and **My Folders**, you can easily store sensitive documents securely. And with Sharp's new **Quick Folders**, you can temporarily store documents with fast, one-touch simplicity. Plus, an advanced backup system ensures that your files are safe and secure.

Best-in-class image quality

Sharpen your business communications with crisp, clear images and dazzling color. Create dynamic proposals, presentations and newsletters that get noticed and make a statement. Sharp's **micro-fine toner** technology and **Image Stabilizing System** ensure color accuracy from the first page to the last—so your documents always look good.
