Subject: Resolving Run-time Error 91

Run-Time error 91 is usually caused by an old or corrupted registry key .   The following messages may be displayed because of error 91. Refer to the procedure below to correct the issue.

Procedure:

1. From the Start Menu select "Run..."
2. In the "Open:" box type "regedit" [without quotes] and press enter.
3. From the registry editor tree expand to the "HKEY_CURRENT_USER\Software\VB and VBA Program Settings\ScConnects" folder.
4. Click on the ScConnects folder, right mouse click, and select delete to delete the folder.
5. Close the registry editor, reboot, and re-run the Connects software.
