

## SRS Product Firmware Version Numbers

Date: May 18, 1999

The following are the current firmware version numbers for SRS products. In general, firmware version upgrades are free except for the Year 2000 upgrade, which is indicated by a \* after the version number. If there is no \*, then no Year 2000 upgrade is necessary. See our Year 2000 statement on our web site at [www.thinkSRS.com](http://www.thinkSRS.com) for details. The Year 2000 upgrade is \$175.00.

<b>Model</b>	<b>Firmware Version</b>
DG535	2.0
DS335 / DS340	1.11
DS345	1.04
