CSA8000 and TDS8000 Series Product Documentation

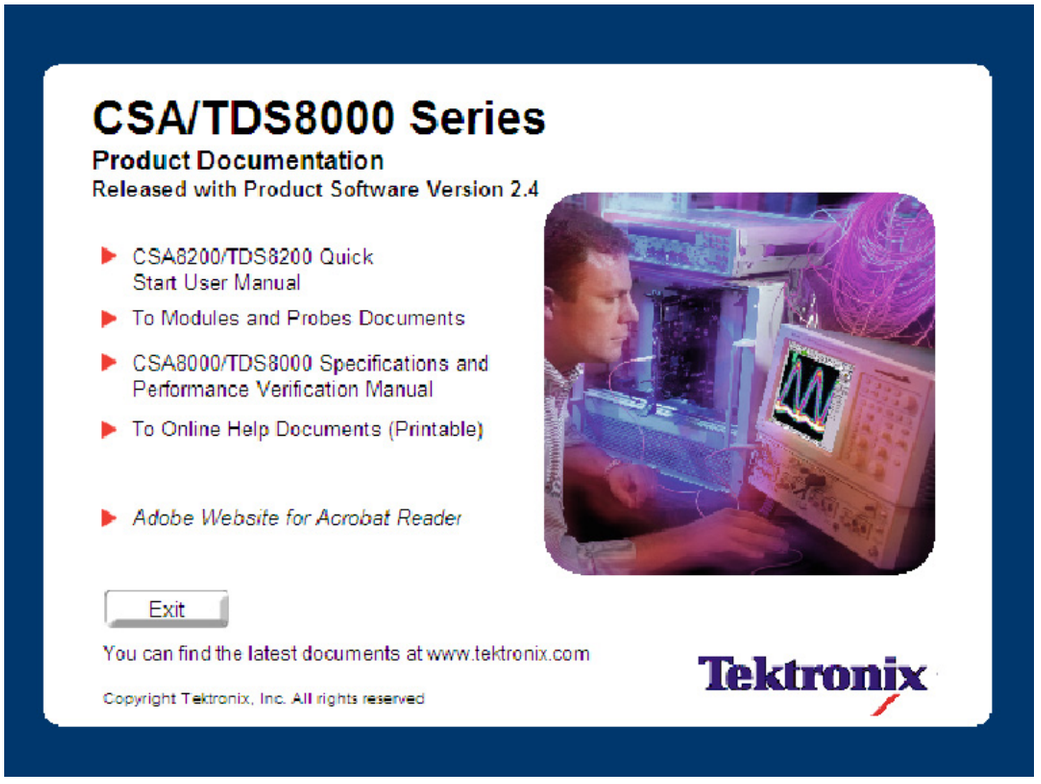
This CD contains the product documentation for the CSA8200 and TDS8200 instruments and the product documentation for the modules and probes available at the time this CD was created. The documents are Acrobat PDF files.

Using the CD

1. Insert the *Product Documentation* CD into the CD-ROM drive on the rear panel of the instrument or a PC. After about 15 seconds, the program will start.



NOTE. *Adobe Acrobat Reader is required to view the PDF files. The reader is installed on the 8000 Series instruments. If you use a PC to view the PDF files, you need the Adobe Acrobat Reader.*

2. Click on a selection to display the document. Hover the cursor over a selection to display the Tektronix part number of the document.

After opening a document, you can save a copy of it to the hard drive using the Save As menu in Acrobat Reader.

Printed copies of these documents are available for purchase by contacting Tektronix or from the Tektronix Web site.

Where to Find New and Updated Information

You can always find the most up-to-date version of documents at the Tektronix Web site, www.tektronix.com:

1. Select the Manuals link.

2. Enter the part number (omit dashes and trailing last two digits) or product name to locate the document.

3. Download the PDF to your instrument or PC.
