

# 80C00 Series Optical Sampling Modules and 80E00 Series Electrical Sampling Modules

## Read This First

### Module Manuals

The user manuals for the 80C00 Series Optical modules and the 80E00 Series Electrical modules are Acrobat PDF files. These electronic manuals ship as part of the product software, so you can find them:

- On the CSA8000 and TDS8000 Product Software CD (Version 2.0 and greater)
- On 8000 Series main instruments that shipped with Version 2.0 (and greater) Product Software
- On 8000 Series main instruments that have been upgraded to Version 2.0 (or greater) Product Software

You can also copy these manuals to a PC for access if you desire.

---

**NOTE.** You can always find the most up-to-date version of these user manuals at the Tektronix Website, [www.tektronix.com](http://www.tektronix.com):

1. Select the Manuals link.
  2. Enter the part number or product name to locate the document:
    - 80C00 Series Optical Module User manual, part number 0710345
    - 80E00 Series Electrical Module User manual, part number 0710434
  3. Download the PDF to your instrument or PC.
- 

Printed copies of these manuals are available for purchase by contacting Tektronix or from the Tektronix Website. You can also print the PDF version in part or entirely, if needed.

### Product Software

The product software that came with your main instrument was the latest version available at the time of shipment. Visit the Tektronix Website at [www.tektronix.com](http://www.tektronix.com) for the latest upgrades of product software and 8000 series
