

# TL708EX TekLink™ 8-Port Instrument Hub and Expander Instructions

The TL708EX hub connects three or more TekLink enabled Tektronix products together using the 2 m TekLink cable. The hub provides a common time reference and coordinates trigger input/output signals with other signals.

The hub is shipped with attached rack adapters and one 2 m TekLink cable (Tektronix part number 174-5019-00).

Use the hub stand-alone or install it in a rack using the supplied rack adaptors.

Refer to the TekLink section of your Tektronix product documentation for detailed installation instructions.

## Warranty Information

For warranty information, go to [www.tektronix.com](http://www.tektronix.com), click Support, and then use the provided links to search for the product warranty.

## Equipment Recycling

This product complies with the European Union's requirements according to Directive 2002/96/EC on waste electrical and electronic equipment (WEEE). For information about recycling options, check the Support/Service section of the Tektronix Web site ([www.tektronix.com](http://www.tektronix.com))
