

TL708EX TekLink™ 8-Port Instrument Hub and Expander Instructions

The TL708EX hub connects three or more TekLink-enabled Tektronix products together using a 2 m TekLink cable. The hub provides a common time reference and coordinates trigger input/output signals with other signals.

The hub is shipped with rack adapters attached. The 2 m TekLink cable is available as an optional accessory (Tektronix part number 174-5019-00).

Use the hub stand-alone or install it in a rack using the attached rack adapters.

Refer to the TekLink section of your Tektronix product documentation for detailed installation instructions.

Warranty Information

For warranty information, go to www.tektronix.com, click Support, and then use the provided links to search for the product warranty.

Equipment Recycling

This product complies with the European Union's requirements according to Directive 2002/96/EC on waste electrical and electronic equipment (WEEE). For information about recycling options, check the Support/Service section of the Tektronix Web site (www.tektronix.com).
