

Tektronix Change of Support Capability; Effective December 31, 2002

Product Model	Support Status after December 31, 2002
1104A	Support capability no longer available
1502B	Support limited to Calibration
1710B	Support limited to Calibration
1711B	Support limited to Calibration
1731D	Support limited to Calibration
224	Support limited to Calibration
2721A	Support capability no longer available
2722A	Support capability no longer available
2782	Support limited to Calibration
2784	Support limited to Calibration
2792	Support limited to Calibration
2794	Support limited to Calibration
2795	Support limited to Calibration
2797	Support limited to Calibration
3001MPX	Support capability no longer available
3002CGH	Support capability no longer available
3002CH	Support capability no longer available
3002CHD	Support capability no longer available
3002CHH	Support capability no longer available
3002CX	Support capability no longer available
3002CXD	Support capability no longer available
3002CXH	Support capability no longer available
3002CXX	Support capability no longer available
3002ED	Support capability no longer available
30DM04	Support capability no longer available
30DM06	Support capability no longer available
30DM07	Support capability no longer available
30DM08	Support capability no longer available
30DM09A	Support capability no longer available
30DM10	Support capability no longer available
30DM101	Support capability no longer available
30DM27	Support capability no longer available
30DM31	Support capability no longer available
30DM33	Support capability no longer available
30DM41	Support capability no longer available
30DM41F	Support capability no longer available
30DM91	Support capability no longer available
30DM92	Support capability no longer available
30DM93	Support capability no longer available
30DM993	Support capability no longer available
30DSM	Support limited to Calibration
30MPX	Support limited to Calibration
32DM101	Support capability no longer available
32DM921	Support capability no longer available
32DM923	Support capability no longer available
32DM924	Support capability no longer available
32DM926	Support capability no longer available
32DM927	Support capability no longer available
32DM930	Support capability no longer available
32DM96	Support capability no longer available
73A453	Support capability no longer available
73A657S	Support capability no longer available

Product Model	Support Status after December 31, 2002
73A730	Support capability no longer available
73A781P	Support capability no longer available
73A781S	Support capability no longer available
73A782S	Support capability no longer available
73A783P	Support capability no longer available
73A783S	Support capability no longer available
73A785P	Support capability no longer available
73A785S	Support capability no longer available
73A851	Support capability no longer available
73A904	Support capability no longer available
73A993	Support capability no longer available
73APCX	Support capability no longer available
73S200	Support capability no longer available
7D20	Support capability no longer available
7D20T	Support capability no longer available
7KK1103-0	Support capability no longer available
