For a limited time only, get a FREE TDS2CMA worth over €300 with your TDS2000 Series (selected models)! The TDS2CMA provides three interfaces for the TDS2000 Series, including a Centronics Printer Port to enable direct hardcopy of the instrument display in a variety of popular printer formats.

Alternatively, get a FREE TDS3GV worth over €480 with your TDS3000B Series (selected models)! The TDS3GV provides three interfaces for the TDS3000B Series to ease connectivity. It includes a VGA Monitor Output allowing output to an external monitor or projector - perfect for workgroup or classroom presentations.

Click [here](#) to speak to an Account Manager and find out more about offers and conditions.

Offer applies to selected models at participating distributors only.

### Additional Special Offers

Whether you are looking to trade in your old scope or take advantage of our range of value product solutions, we have an offer to suit you:

#### ► Trade-in Offer!

Trade in any oscilloscope or logic analyzer and get 12% off your new TDS2000 or TDS3000B Series oscilloscope!

#### ► Special Education Offer!

Buy x number of TDS2000 or TDS3000B Series oscilloscopes for your classrooms and get one of the same free!

Click [here](#) to speak to an Account Manager and find out more about offers and conditions.

Offers are not combinable with each other or with any other Tektronix offer.
