TELEWAVE, INC. - TERMS & CONDITIONS - Effective April 2015

TERMS: All prices are F.O.B. Seller's plant, San Jose, CA. Domestic packing is included. Export packing or packing that has special requirements will be provided for an extra charge.

PRICES: Prices quoted do not include Federal, State, Local or Excise Taxes. Applicable taxes in effect at the time of shipment will be added unless the buyer has submitted a Certificate of Exemption to the seller. Prices are subject to change without notice. Written price quotations will remain valid for 60 days.

ACCEPTANCE: Orders will be valid only when accepted in writing at Seller's office, 660 Giguere Court, San Jose, California. The contract arising therefrom shall be deemed to have been entered into in the State of California, and its interpretation, construction, and the remedies for its enforcement shall be governed in accordance with California Law.

CREDIT: Orders are subject to approval by the seller's credit department. Orders that are not on open account will be shipped prepaid or C.O.D. A confirmed irrevocable letter of credit will be accepted on international orders.

DELIVERY: Delivery times quoted are based on date the order is accepted by the seller. The Seller is not liable for delays or inability to fulfill contractual obligations when the causes thereof are beyond the reasonable control of the seller.

SHIPPING: All shipments will be collect unless otherwise specified by the buyer and approved by the seller. The buyer's choice of shipper and routing will be used when it is practical. Shipments are routed according to the best judgment of the seller. The seller is not responsible for selecting the least expensive or the fastest routing. Quoted shipping costs are estimates only and not binding on the seller.

CLAIMS: Claims for shortages must be made to the seller within 30 calendar days after date of shipment from the seller's plant. All goods become the property of the buyer upon delivery to the carrier. Claims for goods lost in transit or damage must be made immediately against carrier by the Buyer.

Any request for a change order from the Buyers shall be in writing and no change shall be made pursuant to this clause unless agreed to in writing and signed by Seller and Buyer. If a change causes an increase or decrease in the cost or the time required in the performance of any part of the work, an equitable adjustment shall be made in the contract price and schedule. Seller shall have no obligation to commence any extra or changed work without written agreement as to adjustments to contract price and delivery schedules effective thereby.

Written authorization from Telewave, Inc. must be obtained before returning material. A credit, not greater than 80% of the purchase price of the goods, excluding taxes and shipping, will be allowed. The equipment must be unused and received prepaid in new condition. Any refurbishing of the equipment that is required to return it to an acceptable condition will be charged against the requested credit at our current repair rate. Credit for the returned material will be issued to the original buyer. Cancellation of acknowledged orders by the Buyer will be accepted only upon terms which protect Seller against loss and which are accepted by Seller.

SPECIFICATIONS: All specifications of the seller's products are subject to change without notice. We reserve the right to discontinue the manufacture of any product. We reserve the right to modify any product without the consideration of compatibility of previously manufactured products.

PRODUCT WARRANTY

Products sold by Telewave, Inc. and covered by this Warranty are warranted to be free from defects in material and workmanship at the time of and for the period specified below after delivery to the Buyer. Seller's entire warranty obligation is limited to making adjustments by repair, replacement, or refunding the purchase price of any product which is returned to the Seller as provided below within the specified period from the date of shipment by the Seller. In no event shall Seller be liable for direct, special, or consequential damages for breach of warranty.

WARRANTY PERIODS:

Antennas and antenna mounting hardware: 5 years

All other products: 1 year

Adjustment will not be allowed for products which have been damaged by lightning, subjected to abuse, improper application or installation, alteration or accident, or negligence in use, storage, transportation or handling. Alteration or removal of the serial number or identification markings voids the Warranty. Seller shall have the right of final determination as to the existence and cause of a defect, whether adjustment will be allowed, and if allowed, whether adjustment will be by repair, replacement, or refund. Where adjustment is not allowed, a charge of 5% of the original purchase price will be made to the Buyer to cover the Seller's cost of inspection and handling.

Shipping and packaging instructions must be obtained from the Seller before products are returned for adjustment. The Buyer will pay for packing, transportation, and transit insurance costs for returned products. The Seller reserves the right to discontinue models at any time or change specifications, design, or price without notice and without incurring any obligation. Products will be returned to the Buyer with transportation cost collect.

Subject to the provisions of its "Patent Indemnity" clause, the Seller also warrants that it has the right to sell its products, that the Buyer shall have and enjoy quiet possession thereof as against any lawful claims existing at the time of the sale by the Seller, and that said products are free from any charge of encumbrance in favor of third persons existing at the time of sale by the Seller.

The foregoing constitutes the Seller's entire warranty, express, implied or statutory with respect to its products and states the full extent of its liability for breach of Warranty and for damages, whether direct, special or consequential resulting from any such breach. No change whatsoever thereto shall be binding upon the seller unless made in writing and signed by a duly authorized representative of the Seller.

RETURN / RMA PROCEDURE:

Please contact Telewave via phone, fax, or email to discuss any product issues with a sales engineer. Many issues occur due to incorrect installation, misconfiguration or irregularities within an existing system, and these can often be resolved at no charge without return of products.

1. Contact Telewave for Technical Assistance at sales@telewave.com or 1-800-331-3396.
2. Telewave will transfer the call or email to the appropriate department.
3. If it is determined that the product(s) should be returned, the Telewave RMA Dept will ask customer to provide billing and return shipping addresses, product model and serial number (if applicable), date of purchase, and where item was purchased.
4. Customer ships product(s) back to Telewave at customer's expense:
 - Write RMA number on the outside of the box(es)
 - Include a description of the problem with the product(s)
 - Ship via a trackable shipping method (UPS, Fedex, etc.)
 - Retain proof of shipment and tracking information
5. Product(s) are received by Telewave and evaluated by the appropriate department. Customer is contacted by RMA department before any charges are incurred.
6. Telewave reserves the right to charge for parts, labor, and freight in the event that the issue is not covered under warranty.
7. Telewave will return original, repaired or replacement item at customer's expense unless covered by warranty.

NOTES:

Standard Combiners ship in a 19" Steel Rack, or as panels for 19" rack mounting.
 Self contained combiners with 10" cavities are available in 24" welded steel racks.
 Telewave can build to order. Contact Telewave for special applications.
 M101-860 combiners utilize 8" cavities.

SECTION 1

M104-150 SERIES

COMPACT EXPANDABLE LOW-LOSS COMBINERS - 148-170 MHz

19" RACK MOUNT PANELS - 4" CAVITIES

Available with up to 4 channels per panel in only 8.75" of rack space. 4" High "Q" cavities.

Expandable with M104-150-1T expansion kits.

PRESELECTOR MODEL NUMBER NOMENCLATURE

EXAMPLE:

NOTES:

Folded cavities are special coaxial cavities which are about 3/4 as long as a standard 1/4-wave cavity. Folded cavities are required where cavities are mounted on a 19" wide panel. Add 10% to standard pricing for folded cavities. Contact Telewave for special configurations. Mobile preselectors are provided with BNC connectors. Specify Type N if required.

PRESELECTORS

RECEIVER PRESELECTORS 70-430 MHz

Cavity Receiver Preselectors below 300 MHz are generally strapped together with 19" mounting rails.

Above 300 MHz, cavities are generally mounted on a 19" panel. All square cavities are panel mounted.

NOTES:

Folded cavities are special coaxial cavities which are about 3/4 as long as a standard 1/4-wave cavity. Folded cavities are required where cavities are mounted on a 19" wide panel. Add 10% to standard pricing for folded cavities. Contact Telewave for special configurations.

CAVITIES

BANDPASS/REJECT CAVITIES WITH ADJUSTABLE COUPLING - 30-960 MHz

Prices include interconnect cables and mounting rails or panels for multiple cavities.

N connectors standard. Specify UHF if required. 7-16 DIN available at extra cost.

All cavities are factory tuned to customer-specified frequencies. 75 ohm cavities available on request.

NOTES:

Folded cavities are special coaxial cavities which are about 3/4 as long as a standard 1/4-wave cavity. Folded cavities are required where cavities are mounted on a 19" wide panel. Add 10% to standard pricing for folded cavities. Contact Telewave for special configurations. Mobile duplexers are provided with BNC connectors. Specify Type N if required.

DUPLEXERS

BASE STATION DUPLEXERS 30-300 MHz

Prices include interconnect cables and mounting rails or panels. Specify N, UHF, or 7-16 DIN connectors (option).

All duplexers are factory tuned to specified pass and reject frequencies. Custom configurations such as additional pass or notch filters available on request.

ANTENNAS

BASE STATION ANTENNAS - 138-2700 MHz DIRECTIONAL YAGI 500 WATTS

Yagi antennas ship standard with a vertical mounting plate. Options **-H** = Horizontal welded plate (special order), or **-U** = Universal mount (additional cost). For horizontal mounting of a standard yagi, use ANTM400H or 940H.

All models are UPS shippable. Standard connector N-Female. 7-16 DIN available (additional cost).

NOTES: (1) "Medium" Universal Mount.
 (2) "Small" Universal Mount.
 (3) The ANT150Y10H includes a massive rotatable mount which allows vertical or horizontal polarization.
 (4) Universal option is not available.

* Antennas from 1470-2700 MHz have no welded plate and can be hand held or rotated for V or H polarization. A U-clamp is included.
