	<b>Fesla, In</b> Service Bull		Replace Tow Hitch Label	
<b>SB-19-19-006</b> September 13, R1 2019		R1	- Replace Tow Filter Label	
Classification			Section/Group	Mobile Service
Campaign Bulletin			19 - Labels	Can Perform* *Where permitted
Model Year	Model		Country/Region	Version
2018 - 2019	Model 3		Europe, Middle East, Africa	All
	model year(s) listed a bulletin for a particul		al approximation of the affected VIN list. Refer to the VIN/Bulletin Tr	acker or Customer/Vehicle profile to determine

Campaign Bulletin: This campaign bulletin addresses a known non-safety-related condition and provides recommended technical diagnosis and repair procedures. Apply this procedure to all vehicles in the affected VIN list.

This Service Document supersedes SB-19-19-006, dated 22-Aug-19. Each content change is marked by a vertical line in the left margin. Discard the previous version and replace it with this one.

## Condition

Certain Model 3 vehicles were manufactured with an incorrect tow hitch label.

## Correction

Inspect the vehicle for symptoms related to the condition. If symptoms are present, replace the tow hitch label.

Correction Description	Correction	Time

Shop Supplies Clip prytool

Isopropyl alcohol (IPA) wipes

LED flashlight

## **Procedure**

- 1. Raise the vehicle to a comfortable working height.
- 2. Use a clip prytool to remove the clips (x2) that attach the tow hitch cover to the rear fascia (Figure 1).

Figure 1

3. Remove the tow hitch cover from the rear fascia (Figure 2).

Figure 2

- 4. With a flashlight, inspect the tow hitch label located on the RH side of the trailer hitch on the bumper beam assembly:
  - If the incorrect label is installed (Figure 3), continue with this procedure.
  - If the correct label is installed (Figure 4), discontinue this procedure and reinstall the tow hitch cover and clips.

TESLA

- 5. Remove the incorrect tow hitch label from the bumper beam assembly. Lift one corner of the label to begin removal.
- 6. Use an IPA wipe to clean the surface of the bumper beam (Figure 5). Allow the area to dry for at least 1 minute.

Figure 5

7. Install a new tow hitch label onto the bumper beam (Figure 6).

Figure 6

8. Position the tow hitch cover into place, and then reinstall the clips (x2) that attach the tow hitch cover to the rear fascia.
