Repair Bulletin: This repair bulletin provides instructions on addressing a noted condition or possible customer concern regarding the operation of Tesla vehicles. These instructions should only be performed by trained professionals.

Condition

On some Model 3 vehicles sold in Asia Pacific and European regions, an electrical issue with the push type connector of the front passenger airbag may cause the airbag warning indicator on the touchscreen to illuminate. The operation of the airbag is unaffected.

Correction

Upon customer complaint, replace the front passenger airbag with an updated part.
