

Command example :

Test	Prompts Instruments	Advanced Print	
Test Type	Measurement	Test Function D.C.	Voltage 💌
Cal Instru	iment © efault	O Custom	
Pre-Test Co	ommands [GPIB] / [RS232]	Post-Test Comm	nands [GPIB] / [RS232]
SOUND (Chimes.wav	×	×
€		<u> </u>	F
😿 Click he	ere for help on entering inst	rument commands	Hide Command Windows

The sound file should be located in C:\ProCal\Programs

TIP : If you want the sound to be played <u>before</u> a prompt is shown you should put the sound command in the Post-Test Command for the test BEFORE the test which shows the prompt.
