

Precision Accuracy : 0.04% of Full Scale

Based on the GE PMP4000 series

Gauge

Option TPM001	1	PSI	Pressure Measurement Module
Option TPM002	5	PSI	Pressure Measurement Module
Option TPM003	10	PSI	Pressure Measurement Module
Option TPM004	50	PSI	Pressure Measurement Module
Option TPM005	100	PSI	Pressure Measurement Module
Option TPM006	500	PSI	Pressure Measurement Module
Option TPM007	1000	PSI	Pressure Measurement Module
Option TPM008	5000	PSI	Pressure Measurement Module
Option TPM009	10000	PSI	Pressure Measurement Module

Standard Accuracy : 0.1% of Full Scale

Gauge

Option TPM010	25	mBar	Pressure Measurement Module
Option TPM011	350	mBar	Pressure Measurement Module
Option TPM012	1	Bar	Pressure Measurement Module
Option TPM013	10	Bar	Pressure Measurement Module
Option TPM014	50	Bar	Pressure Measurement Module
Option TPM015	100	Bar	Pressure Measurement Module

Vacuum

Option TPM016	-1 to +1	Bar	Pressure Measurement Module
---------------	----------	-----	-----------------------------

Differential

Option TPM017	5	PSI	Pressure Measurement Module
---------------	---	-----	-----------------------------

Pressure Pump

Option PUMP	GE DRUCK PV411A HANDPUMP
-------------	--------------------------

Pressure Calibration Overview
