

VICTORINOX

COMPANION FOR LIFE

2013

MORE THAN 125 YEARS OF TRADITION AND EXPERIENCE

Victorinox products have accompanied people through life's adventures since 1884. Precise and elegantly engineered, our company is proud to represent the distinguished characteristics of our country through the manufacturing of knives. They are one of the key symbols of excellent Swiss quality and ingenuity.

Still today, the core values upon which our business and manufacturing is based, are as relevant as they were in 1897 when Karl Elsener invented the Original Swiss Army Knife: Functionality, innovation, iconic design and uncompromising quality. Victorinox creates products which are designed to be true companions for life. They are the ambassadors of our timeless Swiss values – as timeless as the classics you will discover on the following pages.

As time goes on we focus our efforts on making good products even better; on changes to achieve improvement while maintaining the appeal of our classic designs. In this catalogue you will find the latest products from our range of household and professional knives as well as our newest Swiss Army Knives.

Our products are the result of the dedicated work of 2'000 individuals who are part of the Victorinox family from around the world. On the last page of this catalogue you will find all of our employees. It is the culmination of their contributions which make Victorinox products what they are: unique.

Colors and numbers

Pocket tools

The last figure of the 5-digit item number code of pocket knives indicates:

- 1.3600. = without ring, tweezers and toothpick
- 1. = with key ring
- 2. = with ring and toothpick
- 3. = with ring, tweezers and toothpick
- 4. = 3. + mini-screwdriver
- 5. = 4. + ballpoint pen

The pocket knives are normally fitted with red Cellidor handles with Cross und Shield Logo. Other handles are denoted after the 5-digit item number with the following figures:

- 0.6200.2 =  blue
- .3 =  black
- .4 =  green
- .7 =  white
- .8 =  yellow
- .16 =  smooth Alox
- .26 =  ribbed Alox
- .T =  red translucent, (ruby)
- .T2 =  blue translucent, (sapphire)
- .T3 =  black translucent, (onyx)
- .T5 =  pink translucent (pink)
- .T7 =  silver translucent
- .94 =  camouflage

Abbreviations after the number:

- AV = Altimeter, thermo- + barometer, timer in the handle
- B = Blister-packed for selfservice
- C = Component handles, two colours
- E = Event
- G = Giftbox
- J = Anniversary edition
- L = for lefthanded
- L = with leather pouch
- L = Limited edition
- M = One hand for military, firebrigade, ambulance, police
- M = with money clip
- N = with Nylon pouch
- R = Special execution (promotional products)
- T = translucent handles
- U = Unpacked
- W = Wavy edge
- X = extra large for collectors

Abbreviations before the number

- A = Replacement parts
- C = Replacement handles (Cellidor, polypropylene, Nylon, Fibrox or plastic)

There is a numbering code for the Victorinox pocket tools available.

Domestic and professional knives

The last figure of the 5-digit item number code indicates:

- 5.0400 =  polished rosewood handle
- 1 =  red polypropylene handle or red anti-slip, sterilizable Fibrox handle for professional knives, dishwasher-proof
- 2 =  blue polypropylene handle or red anti-slip, sterilizable Fibrox handle for professional knives, dishwasher-proof
- 3 =  black polypropylene handle or red anti-slip, sterilizable Fibrox handle for professional knives, dishwasher-proof
- 4 =  green anti-slip, sterilizable Fibrox handle for professional knives, dishwasher-proof
- 6 = other shape of handle
- 7 =  white anti-slip, sterilizable Fibrox handle for professional knives, dishwasher-proof
- 8 =  yellow anti-slip, sterilizable Fibrox handle for professional knives, dishwasher-proof
- 9 =  lacquered bubingawood handle

 Tested and certified bei NSF-International

 On blister card

The penultimate figure denotes:

- 5.4100 = normal straight edge
- 10 = flexible blade 
- 20 = fluted edge 
- 30 = wavy edge 
- 50 = micro-denting 
- 60 = other shape of blade
- 70 = 00 + saw edge 
- 80 = 00 + fluted edge

Where knives are available in several sizes, please note the length of blade which follows the 5-digit item number code, i.e. 5.1800.15 or 5.2033.22

Packaging

Pocket tools

Packaging

The number indicated besides or below the box symbol \boxtimes 10 refers to the standard contents of the packing unit. Please try to avoid ordering in smaller quantities. In most cases the standard contents are 10, 6 or 12 pieces, rarely 1 or 20 pieces.

Standard-packing

- a) **black Skai cases** (leather imitation) for pocket knives
0.6100–0.6223, 0.64–69, 0.7830, 0.8710–0.8720
- b) **silver color gift boxes** for 0.62.. + 0.63..
with LED or ballpoint pen
- c) **silver color gift boxes**
for CyberTools, SwissChamp, sets and kits
- d) **luxury cases**
for goldplated, golden- and real mother-of-pearl-handles
- e) **individual silver color cardboard boxes**
for all other pocket tools

Domestic and professional knives

Packaging

The number indicated besides or below the box symbol \boxtimes 10 refers to the standard contents of the packing unit. Please try to avoid ordering in smaller quantities. In most cases the standard contents are 10, 6 or 12 pieces, rarely 1 or 20 pieces.

Various

The reference numbers in our catalog are listed in numerical sequence so that it is easy to find the item you are looking for. On the left side are the illustrations and on the right side at the same place the indications and the prices with the bar-code.

The products of the categories 0–3 and 5–6 are manufactured in Ibach.

Warranty

We guarantee all Victorinox Knives and Pocket Tools to be of first class stainless-steel and also guarantee a life time against any defects in material and workmanship. Damages caused by misuse or abuse are not covered by this guarantee. The guarantee for the electronic parts is, as worldwide usual, 2 years.

<p>Protection glove «ultimate shield» Exceptionally high cut resistance. Durable, flexible and very comfortable. Made using a patented combination of stainless steel wire, encapsulated in a sheath of polyethylene and wrapped with a high performance polyester. Applications: Liner glove, knife hand glove in slaughterhouse, food preparation or food service</p>

Notice: These protective gloves are «cut resistant, not cut proof». These gloves are sold individually, not in pairs. These gloves are «ambidextrous» and can be worn on the left or right hand. In a typical application, only one glove would be worn (usually on the hand not holding the knife). Butchers, meat cutters and some food preparation workers will wear the «Ultimate Shield» glove on the knife hand, and the «Knife Shield» on the hand opposite the knife.
