

3. “Where Can I Buy MPR RFID Cards?”

WJ currently sells the MPR products through its distribution partner Richardson Electronics. You can purchase units directly from Richardson on-line at their website (<http://www.rfengineeredolutions.com/RFID.asp>). You can also buy developers kits that include MPR RFID Cards, installation software and various RFID tags.

WJ has direct link to the Richardson website from the RFID page of the WJ website (www.wj.com).
