Product Obsolescence Notification

OBS09SEP2004

Notification Date: 9 September 2004

For WJ Communications Customers

The MH1 is being replaced by the new MH1A. The new device has improved performance for conversion loss, IIP3, NF and the ESD rating.

Last time buys for the MH1 will be offered until 9 March 2005. Shipments must be accepted by 11 April 2005.

During the warranty period, replacements for the MH1 will be made with the MH1A.

The MH1A is now in full production. Customers can obtain the data sheet, qualification report, samples and an evaluation board from the WJ web site at www.wj.com.

If you have any questions, please contact Tad Custer, Product Line Manager, WJ Communications, at 408-577-6370 or Tad.Custer@WJ.com
