

Technical Note
Battery Fuse Holders
512-0088-01-01 Rev 1

**Incorrect Hardware Stack-Up On
Fuse Holders**

AFFECTED MODELS

HB 200-T	P/N 84-4155-00	includes clamp
HB 300-T	P/N 84-4156-00	includes clamp
M-HB 200-T	P/N 84-4158-00	
M-HB 300-T	P/N 84-4154-00	

We have encountered several occasions where the hardware has been stacked incorrectly during installation of these fuse holders. During these instances of incorrect hardware stack-up, the flat washer was placed between the fuse and the battery cable. This incorrect stack-up creates a highly resistive connection that generates heat. This can cause the fuse to overheat and blow open and partially melt the fuse holder and cover. If you have any questions concerning this bulletin or any other issues, please contact Xantrex.
