Inverter/Charger Selector

	Models	Output Waveform*	Continuous Watts	Charger Output	Remote Panel
 <p>MS Inverter/Charger Our most sophisticated sine wave inverter/charger. Powers the latest high-performance electronics. Rugged and upgradeable design with built-in networking and an easy-to-read LCD remote panel. Suited for trawlers, cruisers, houseboats, and large sailboats.</p>	MS2000	SW	2000	100 A	Optional (LCD)
	MS3000	SW	3000	150 A	Optional (LCD)
 <p>Prosine Inverter/Charger Compact sine wave inverter and charger combination designed to power high-performance electronic devices. Includes a digital remote panel. Suited for sailboats and other vessels where weight and size are restricted.</p>	2.0	SW	2000	100 A	Included (Digital)
 <p>SW Inverter/Charger Heavy-duty sine wave inverter/charger with an optional automatic generator start to ensure batteries always remain charged. Stackable, with a 60A transfer switch. Suited to vessels over 40' and commercial boats.</p>	4024MC2	SW	4000	120 A (24 V)	Optional (Digital)
 <p>Freedom Marine Inverter/Charger High-powered modified sine wave inverter/chargers available in a variety of power levels. Designed to power basic appliances. Choose from several optional LED or digital remote panels. Suited for trawlers, cruisers, houseboats, and large sailboats.</p>	1000	MSW	1000	50 A	Optional (Digital or LED)
	1500	MSW	1500	75 A	Optional (Digital or LED)
	2000	MSW	2000	100 A	Optional (Digital or LED)
	2500	MSW	2500	130 A	Optional (Digital or LED)
	3000	MSW	3000	140 A	Optional (Digital or LED)

*SW = Sine Wave; MSW = Modified Sine Wave

Inverter Selector

	Models	Output Waveform*	Max.Cont. Watts	Portable or Hardwire?	Remote Panel
 <p>Prosine Inverters Powerful sine wave inverters designed for marine electrical systems that already have a battery charger. Includes a detachable LCD remote panel.</p>	1000	SW	1000	Hardwire	Included (LCD)
	1800	SW	1800	Hardwire	Included (Digital)
 <p>XS400 Inverter A moderate power sine wave inverter designed to power onboard entertainment systems. Features dual AC outlets and AC hardwire connections and a 6A transfer switch.</p>	XS400	SW	400	Hardwire	Included (on/off only)
 <p>XPower Inverters Economical modified sine wave inverters available in a wide range of power levels. Provides mobile power for basic appliances from either a DC socket or hardwired to a battery.</p>	Mobile Plug 75	MSW	75	Portable	No
	175 Plus	MSW	175	Portable	No
	400 Plus	MSW	400	Portable	No
	700 Plus	MSW	700	Portable	No
	1000	MSW	1200	Hardwire	No
	1200 Plus	MSW	1200	Hardwire	Optional
	1750 Plus	MSW	1750	Hardwire	Optional
	3000 Plus	MSW	3000	Hardwire	Included (on/off only)
 <p>XPower Inverter 450 The XPower Inverter 450 is a modified sine wave inverter specifically designed for marine conditions. Features conformal coating to prevent corrosion, dual GFCI outlets, and a soft carrying case for easy storage.</p>	Inverter 450	MSW	450	Portable	No

*SW = Sine Wave; MSW = Modified Sine Wave

Battery Charger Selector

	Models	Power Output	Battery Banks	Remote Panel
 <p>Xantrex Battery Charger Our most advanced charger features independent battery bank controls to ensure each bank is charged accurately based on chemistry, size, and state-of-charge. Includes auto-ranging voltage capability and a detachable digital display.</p>	XC3012	30 A (12 V)	3	Detachable (Digital)
	XC5012	50 A (12 V)	3	Detachable (Digital)
	XC1524	15 A (24 V)	3	Detachable (Digital)
	XC2524	25 A (24 V)	3	Detachable (Digital)
 <p>Truecharge Battery Charger Features 3-stage charging designed to charge deep-cycle house batteries. Includes settings for battery type and numerous protection features to ensure the charger and your batteries are not accidentally damaged.</p>	10TB	10 A (12 V)	2	No
	20+	20 A (12 V)	3	Optional (Digital)
	40+	40 A (12 V)	3	Optional (Digital)
 <p>XPower Battery Charger A portable battery charging solution that delivers a microprocessor-controlled 3-stage charge. Includes an LED display and a reconditioning feature to reactivate flooded lead-acid batteries.</p>	2	2A (12 V)	1	No
	15	15 A (12 V)	1	No
	40	40 A (12 V)	1	No
