

### The first *stand-alone* mobile power solution

The XPower Pocket Powerpack combines a 100W inverter with a high capacity, high output battery pack to create a truly mobile power solution. If your laptop battery runs down, or you need five more minutes with your portable DVD player you can just plug straight into the AC outlet on the inverter and keep working or watching, just like you're at home. In addition to the AC power outlet, this inverter includes a USB charge port which can power or charge iPod™, Blackberry™, iPaq™, Palm™ and a wide range of other electronic devices you can't live without.
