

Introducing a powerful new way to stay turned on when the lights go off.

Power outages are a reality that can threaten your productivity and sense of comfort. The new XPower™ PowerSource 400 by Xantrex™ is the perfect backup power solution for the small office and home office market. In a power outage, it will supply up to eight hours of uninterrupted backup power for a small office.

Until now, backup power products on the market have only been able to provide limited backup power for outages, and not extended runtime like the XPower PowerSource 400. With the XPower PowerSource 400, your customers will be able to keep working and stay productive.

The XPower PowerSource 400 switches to backup power automatically when a power outage occurs. This happens seamlessly so that the electronic devices that are hooked up to it won't sense the power outage. They'll operate off the XPower PowerSource 400's charged battery for hours. When grid power returns, the XPower PowerSource 400 switches the devices back to utility power, recharges its internal battery and enters a standby mode until the next outage occurs.

XPower PowerSource 400 Applications

- ▶ **Small/Home Office Backup Power:** Will operate a laptop, desktop and LCD monitor, inkjet printer, 4-in-1 copier/printer/fax/scanner, internet modem, VoIP phone, cell phone and cordless phone
- ▶ **Emergency Power:** Will run 40 W emergency light, 13" TV, radio, small fan, mobile and cordless phone

Product Features

- ▶ 400 W inverter with five 120 VAC power outlets for operating multiple devices simultaneously
- ▶ Built-in transfer relay provides reliable backup power capability
- ▶ Bright LED light turns on automatically when power outage occurs to provide illumination over the AC outlets
- ▶ Digital LED display indicates battery capacity status and total wattage of the devices connected to the PowerSource
- ▶ Audible alarm signals 10 minutes before the PowerSource runs out of battery power
- ▶ Integrated handles for easy transportation
- ▶ Overload and over-temperature protection to ensure longer PowerSource life
- ▶ Sealed, non-spillable 40 amp-hour AGM battery
- ▶ Recharges from home AC wall outlet

Product Specifications

AC output power (max. continuous)	320 W
AC output power (5 minutes)	400 W (650 VA)
AC output surge capacity (peak)	640 W
AC output voltage	120 VAC/60 Hz
Internal AC charger	2 A
Transfer switch	12 A max / 12 milliseconds
Internal battery	40 Ah, sealed, lead-acid
Weight	32 lb (14.5 kg)
Dimensions (L x W x H)	18.5 x 4.25 x 10.5" (47 x 10.8 x 26.7 cm)

*Specifications may change without notice.

Product Specifications

Part number	852-0400
UPC number	715535112219
Warranty	12 months

Regulatory Approval

UL Listed to UL 1778 2nd Edition and CSA C22.2 no. 107.1-01 standby UPS Standards FCC Class B

XPower PowerSource 400 Charging Times

Battery Discharge Levels	100%	75%	50%	25%
Recharging time from 120 VAC (home)	20 h	16 h	8 h	4 h

Note: Recharging time is calculated based on operating the PowerSource 400 in an environmental temperature of 77°F / 25°C.

XPower PowerSource 400 Runtimes

Office Applications	Watts	Runtime
Laptop	25	15 h
Inkjet printer	8	55 h
Cell phone	5	92 h
Wireless modem/router	6	81 h
Table lamp	40	9 h
Desktop computer	67	5 h
17" LCD monitor	35	10 h

Emergency Power Applications	Watts	Runtime
Cordless phone	5	92 h
Clock radio	8	55 h
13" CRT TV	50	7 h
13" LCD TV	38	10 h

How Long Will it Provide Power?

Runtime¹

Small Office Combo:

Laptop, inkjet printer, cordless phone, wireless modem/router

Up to 8 h

Home Office Combo:

Desktop computer, 17" LCD monitor, inkjet printer, wireless modem/router, cordless phone

Up to 2.5 h

Emergency Power Combo:

Cordless phone, 13" TV, clock radio, table lamp

Up to 4 h

¹Runtime as measured on tested loads.
