

## Using the PC utility files

The utility files change the way the printer operates. To use the files, send or download them to the printer from the communications port your printer is connected to. You can use either the DOS method or the Windows method.

The files on the Phaser 480X CD-ROM and on the Windows 3.1 Driver and Printer Utilities diskette are arranged in similar directories as outlined in the following table.

<b>CD-ROM directories inside the <i>UTILS</i> top level directory</b>	<b>Diskette directories</b>	<b>Contents</b>
APPLSPEC	APPLSPEC	Printer description files
SAMPLERS	SAMPLERS	■ Color sampler charts ■ Font sampler
PHSR480X	PHSR480X	Utility files
