

Supplies and Recycling

This topic includes:

- "Supplies" on page 2-68
- "Recycling" on page 2-69

Supplies

The printer's front panel displays status messages and warnings as the supply nears its replacement time. When the front panel prompts you that a supply is low or needs to be replaced, verify that you have replacements on hand. It is important to order these supplies when the messages first appear to avoid interruptions to your printing.

To order supplies, contact your local reseller or visit the Xerox web site at www.xerox.com/office/8400supplies.

Consumables

The only consumable for this printer is Genuine Xerox Solid Ink 8400 (Cyan, Magenta, Yellow, and Black).

Caution

Use of other than Genuine Xerox Solid Ink 8400 may affect print quality and printer reliability. It is the only ink designed and manufactured under strict quality controls by Xerox for specific use with this printer. The Xerox Warranty, Service Agreements, and Total Satisfaction Guarantee do not cover damage, malfunction, or degradation of performance caused by use of non-Xerox supplies or consumables, or the use of Xerox supplies not specified for this printer.

Note

The Total Satisfaction Guarantee is available in the United States and Canada. Coverage may vary outside these areas, please contact your local representative for details. (Free Color Printer customers are not eligible for this coverage.)

Routine Maintenance Items

Routine maintenance items are printer parts or assemblies that have a limited life requiring periodic replacement. Replacements may be in the form of parts or kits. Routine Maintenance Items are typically customer replaceable.

The only routine maintenance item for the Phaser 8400 printer is the maintenance kit. Access the "Supplies Info" menu from the printer's front panel to see the remaining life on the maintenance kit.

Recycling

For information on Xerox supplies recycling programs, go to www.xerox.com/office/recycle.
