

**Correction to Fabrication of Organic Field-Effect Transistor by Directly Grown Poly(3-Hexylthiophene) Crystalline Nanowires on Carbon Nanotube Aligned Array Electrode**  
[ACS Applied Materials & Interfaces 2011, 3, 1180–1185 DOI: 10.1021/am200013y]. Biddut K. Sarker, Jianhua Liu, Lei Zhai,\* and Saiful I. Khondaker\*

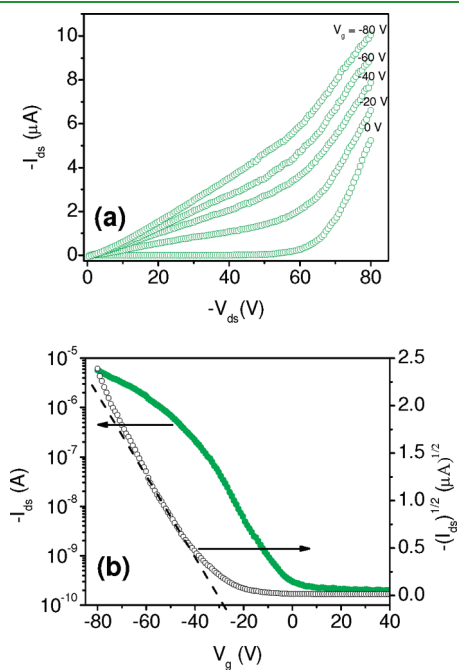

**Figure TOC/Abstract**

Pages 1180, 1183, 1184. Figures 4a and 5a and the TOC/Abstract graphic in our original manuscript have errors. In these Figures, the unit of left Y-axis scale bar was “(A)”. Correct unit should be “(μA)”. The corrected version of Figures 4 and 5 and the TOC/Abstract graphic are presented here. The captions were correct.
