

Correction to Improved Small-Molecule Macroarray Platform for the Rapid Synthesis and Discovery of Antibacterial Chalcones [ACS Combinatorial Science 2011, 13, 175–180 DOI: 10.1021/co100053p]. Joseph R. Stringer, Matthew D. Bowman, Bernard Weisblum, and Helen E. Blackwell*

The correct structure for chalcone **B19** is shown in the figure below (Figure 2 in the article text).

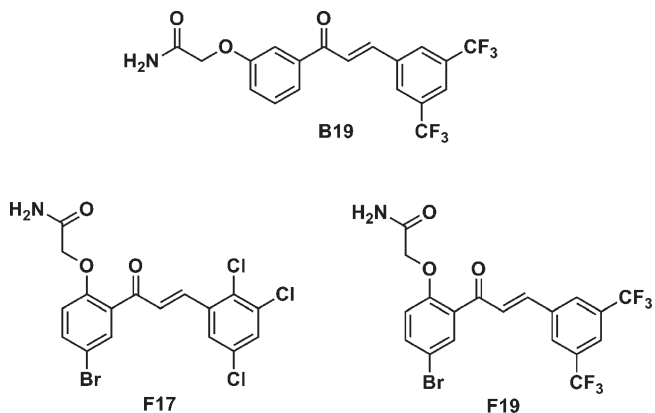

Figure 2. Lead antibacterial chalcones uncovered in this study (**B19**, **F17**, and **F19**).
