

Correction to Multifunctional Rare-Earth Vanadate Nanoparticles: Luminescent Labels, Oxidant Sensors, and MRI Contrast Agents

[ACS Nano 2014, 8, 11126–11137. DOI: 10.1021/nn504170x]. Mouna Abdesselem, Markus Schoeffel, Isabelle Maurin, Rivo Ramodiharilafy, Gwennhael Autret, Olivier Clément, Pierre-Louis Tharoux, Jean-Pierre Boilot, Thierry Gacoin, Cedric Bouzigues, and Antigoni Alexandrou*

In our paper, parietal epithelial cells (PEC) were inadvertently misnamed “endothelial progenitor cells (EPC)” in the section *Toxicity Measurements* on page 11132. This applies also for Figure S11 and the section *Cell culture and cell mortality* in the Supporting Information. This does not modify in any way the results, their discussion, or the conclusions of the paper.
