[J. Aircraft, 41 (6), pp. 1424–1429 (2004)]

THIS paper was originally published in Volume 41, No. 6, with an incorrect title, author affiliation, and incorrect reference 28. The paper was also listed incorrectly in the 2004 index. The title, author affiliation, and reference 28 appearing here are correct and should be used for referencing purposes. A corrected version of both this paper and the 2004

index have been posted on the AIAA web site. AIAA regrets the mistake.
