[J. Guidance 17(6), pp. 1252–1259 (1994)]

THERE was a mismatch between Figs. 8 and 9 and their captions in the paper. The correct figures and captions should be

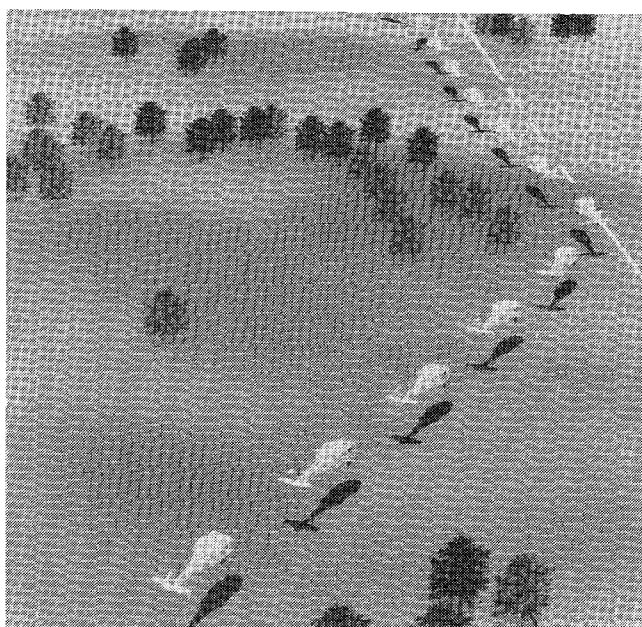

Fig. 8   Example of helicopter deviation when opening in Fig. 7 becomes visibly blocked.

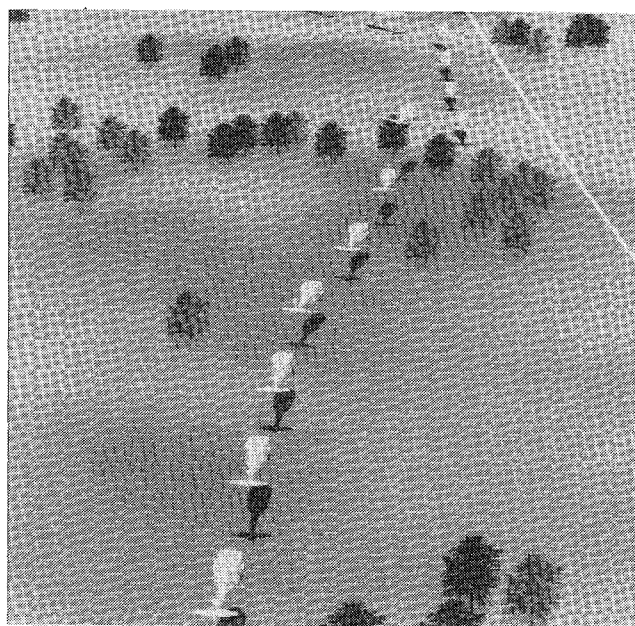

Fig. 9   Example of helicopter climb when blockage of potential opening is not visible early enough for lateral maneuver.
