[*J. Thermophysics and Heat Transfer*, 10(2), pp. 364–371 (1996)]

**T**HE authors of this paper have inadvertently provided an incorrect limit in the use of Eq. (8c). The lower limit of  $B$  for the use of Eq. (8c) should have been 0.02 rather than 0.001. This change must be made in the legend of Table 1 ( $0.02 < B < 1.0$ ), preceding Eq. (8c) ( $0.02 \leq B \leq 10$ ), and in the 9th line of page 368 ( $B < 0.02$ ).

All results and noted model errors in this paper remain unaffected.
