

years of arduous service. As you know, Dr. Houbolt is now our Vice-President—Technical Activities.

Three new Associate Editors are Francis French, Donald C. Fraser, and Harry L. Runyan. We are pleased to welcome them aboard. William Mickelsen, Bernard Miller, and Yusuf

Yoler are continuing. We, and the fine editorial staff under Mrs. Anne Huth, hope to serve you well.

Gordon L. Dugger
Editor-in-Chief

Reviewers for *Journal of Spacecraft and Rockets*, October 1, 1968–September 30, 1969*

WE take this annual opportunity to acknowledge, with great pleasure, the assistance received from reviewers. Conscientious review and constructive criticism of our papers is a vital part of our system, as indicated in our "Acceptance Procedure for Archive Journals of AIAA," which appeared in the first issue of each of our journals in 1965.

Thoughtful, detailed reviews are sincerely appreciated by both the authors and the editors. Every comment made by a reviewer is carefully considered. If the editors decide that a paper should be published (or rejected) against the advice of a reviewer, it is done only after all evidence from the other reviewer(s) and the author has been carefully weighed. Even in such cases, you probably will recognize that the quality of the accepted paper(s) has been improved as a result of your enlightened criticism.

For the help you gave us in 1969 and may give us in 1970 and in future years, we say a very warm "thank you."
