Iwao Ohmine* and Shinji Saito: Water Dynamics: Fluctuation, Relaxation, and Chemical Reactions in Hydrogen Bond Network Rearrangement

Pages 741–749. Due to a computer code error, the signal of the fifth-order response of water is reported incorrectly in our paper (Figure 7a and the text in Section IIIC). The correct signal is shown below.

As can be seen in Figure 7a, there is no clear echo signal in water, as in CS₂ (Figure 7b in our original paper).
