

Prices of IUCr journals

1. Prices for 2005

The subscription rates and prices for back numbers as from 1 January 2005 are given in Table 1.

There will be a 5% discount on the prices of the individual sections for subscribers taking out any of the combined subscriptions.

The reduced-rate (personal) subscriptions are ordinarily only available to members of recognized scientific societies, and applications must be accompanied by a written undertaking that the journal is for the personal use of the subscriber and will not be made available to libraries, institutions *etc.* These conditions also apply to persons wishing to order back volumes at the reduced rates.

Volumes and single printed parts of each journal for the last five years are available at the same cost as volumes and single parts of that journal in 2005.

2. Acta Crystallographica Section F

The Executive Committee of the IUCr is pleased to announce the launch of a new electronic-only journal in 2005, *Acta Crystallographica Section F: Structural Biology and Crystallization Communications*. This journal will be provided free of charge to subscribers to *Section D* of *Acta Crystallographica*.

3. Crystallography Journals Online

Electronic editions of all IUCr journals will be available online in 2005 from **Crystallography Journals Online** via the following addresses:

Acta Crystallographica Section A: Foundations of Crystallography,
<http://journals.iucr.org/a/>

Table 1

Institutional and personal subscription price information for IUCr journals for 2005.

Prices are inclusive of postage (airfreight). All print subscriptions come with free online access.

† Single printed parts of these volumes cost USD 128 (The Americas/Caribbean) or GBP 76 (Rest of the World). ‡ Subscribers will receive *Section E* free. § Subscribers will receive *Section F* free. ¶ Only available online. Free to subscribers to *Section C*. †† Only available online. Free to subscribers to *Section D*. ‡‡ Single printed parts of this volume cost USD 158 (The Americas/Caribbean) or GBP 94 (Rest of the World).

Acta Crystallographica Section B: Structural Science,

<http://journals.iucr.org/b/>

Acta Crystallographica Section C: Crystal Structure Communications,

<http://journals.iucr.org/c/>

Acta Crystallographica Section D: Biological Crystallography,

<http://journals.iucr.org/d/>

Acta Crystallographica Section E: Structure Reports Online,

<http://journals.iucr.org/e/>

Acta Crystallographica Section F: Structural Biology and Crystallization Communications, <http://journals.iucr.org/f/>

Journal of Applied Crystallography, <http://journals.iucr.org/j/>

Journal of Synchrotron Radiation, <http://journals.iucr.org/s/>

Subscribers to print editions will have full access to online versions of the journals at no extra charge. Online-only access is available at 95% of the print + online subscription price.

A number of services, including tables of contents, e-mail alerting and the provision of supplementary material, remain free of charge to both subscribers and nonsubscribers. In addition, both subscribers and nonsubscribers will retain access to full texts of certain types of article (e.g. *CIF Applications*, *Letters to the Editor*, *Book Reviews*) and to some individual articles of other types.

4. Multisite access and consortia

Academic institutions with more than one geographical site will be granted access to **Crystallography Journals Online** from multiple sites for 2005. There will be no extra charge provided that the total number of subscriptions held by the institution is maintained at the levels existing in 2001.

IUCr journals are available for consortia via Blackwell Synergy. For more information contact customerservices@oxon.blackwellpublishing.com or subscriptions@iucr.org.

5. Licences

Subscribers will be granted access to the online editions of IUCr journals in 2005 without a licence. However, subscribers will be asked to read the current Terms and Conditions of Use of **Crystallography Journals Online** before registering for the service.

6. Blackwell Synergy

IUCr journals will also be available through Blackwell Synergy.

7. Back-issues policy

Crystallography Journals Online provides electronic editions of the full back catalogue of IUCr journals (from 1948 to date). This back-issue archive consists of over 55 000 articles and 220 000 pages.

Subscribers holding a current subscription to a particular journal will have access to all back issues of that journal. Individual articles from the back-issue archive will also be available to nonsubscribers on payment of a fee for each individual article.

8. Archiving

The IUCr has prepared a statement on its long-term archiving policy. This is available from <http://journals.iucr.org/services/subscriberservices.html>.

9. Orders

Orders for print and online editions of *Acta Crystallographica*, *Journal of Applied Crystallography* and *Journal of Synchrotron Radiation* may be addressed to Journal Customer Services, Blackwell Publishing, PO Box 1354, 9600 Garsington Road, Oxford OX4 2XG, UK (e-mail: customerservices@oxon.blackwellpublishing.com).
