Abstract

The captions to Figs. 7 and 8 on p. 677 were transposed [Le Bas & Doucet (1997). *Acta Cryst.* B53, 673–679]. The correct figures and their corresponding captions are shown here.

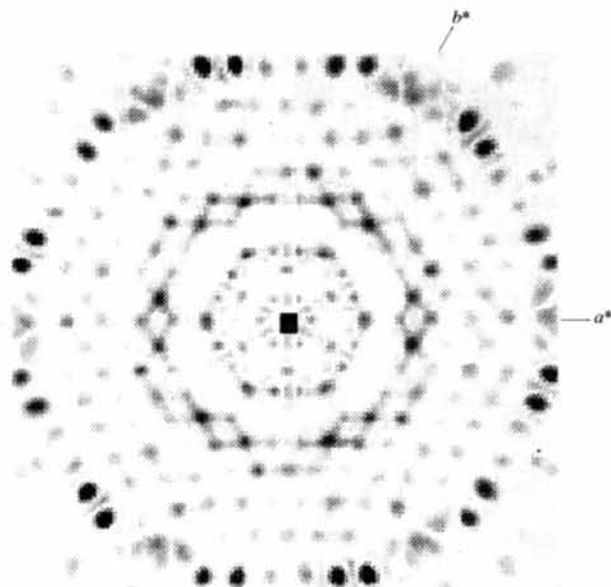

Fig. 7. Simulated pattern corresponding to Fig. 2. On the periphery, the circle of intense reflections corresponds to the (hk1) plane.

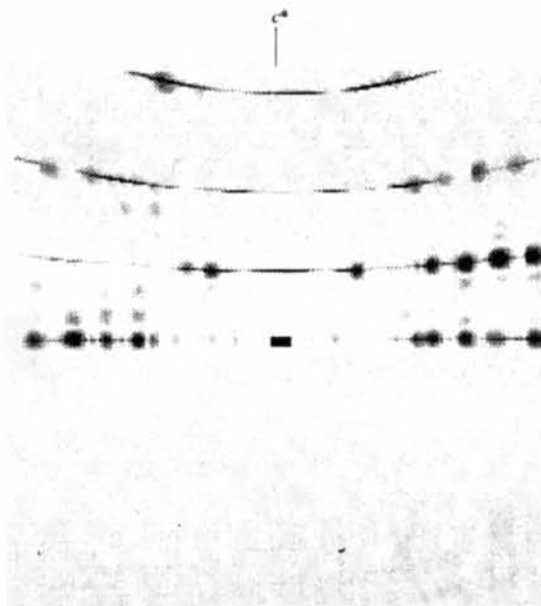

Fig. 8. Simulated pattern corresponding to Fig. 1.
