An error in the paper by Malcherek & Schlüter (2009), *Acta Cryst.* **B65**, 334–341, is corrected.

An error in the paper by Malcherek & Schlüter [*Acta Cryst.* (2009). **B65**, 334–341] is corrected. The word anatacamite is used incorrectly in Table 2 to represent the triclinic phase of $\text{Cl}_{1.015}\text{Cu}_{1.978}\text{H}_3\text{Ni}_{0.028}\text{O}_3$. This name should not have been used because it has not been approved by the IMA Commission on New Minerals, Nomenclature and Classification.
