ADVANCED FUNCTIONAL MATERIALS

The background of the cover features a complex, abstract visualization of functional materials. It consists of several overlapping, translucent, blue and purple sheets that appear to be layered and folded. These sheets are interspersed with numerous small, ball-and-stick molecular models, which are rendered in shades of green, red, and white. The overall composition is dynamic and three-dimensional, set against a dark, gradient background that transitions from black at the bottom to a lighter grey at the top.
