

Correction

In the Original Research Communication “Increased Etheno–DNA Adducts in Affected Tissues of Patients Suffering from Crohn’s Disease, Ulcerative Colitis, and Chronic Pancreatitis” by J. Nair *et al.* in Volume 8, Numbers 5 & 6, 2006, pp. 1003–1010, the authors inadvertently omitted a name from the Acknowledgments. The authors regret the omission. Here is the Acknowledgments as it should have appeared in the issue.

ACKNOWLEDGMENTS

The authors greatly acknowledge the technical assistance by the late C. Ditrich and the skilled secretarial help by S. Fuladdjusch. We thank Prof. Francesco Tonelli, Department of Clinical Physiopathology, University of Florence, Medical School, Florence, Italy for providing some of the inflammatory bowel specimens investigated in this study.
