

# Announcement

An international meeting will be held on November 12 and 13 at the Medical Society of London, on "The Immunology of Nervous System Infections".

Invited speakers include over 40 international authorities. The meeting will provide a comprehensive overview of modern aspects, including therapy and directions of future research. The contents will be published as an edited volume in the series "Progress in Brain Research" by Elsevier/North-Holland.

For further information contact Dr. P.O. Behan, Institute of Neurological Sciences, Southern General Hospital, 1345 Govan Road, Glasgow G51 4TF, Scotland, U.K.
