

Introduction To Sponsors

The International Society For Antiviral Research (ISAR)

The Society was organized in 1987 as a non-profit scientific organization for the purpose of advancing and disseminating knowledge in all areas of antiviral research. To achieve this objective, the society will organize an annual meeting. The society is now in its eighth year of existence, and has about 1,000 members representing 30 countries. For membership application forms or further information, please contact Dr. Koen Andries, Secretary, ISAR; Janssen Research Foundation, Department of Virology, Turnhoutsewig 30, B-2340 Beerse, Belgium; Ph. 32-14-60-20-33; Fax 23-14-60-28-54. Membership application forms will also be available at the Conference Registration desk.

The Japanese Association For Antiviral Chemotherapy (JAAVC)

The Association was organized in 1989 as a non-profit scientific organization for the purpose of interchange of advanced knowledge in areas of antiviral research in Japan. To achieve this objective, the Association will organize an annual meeting and promote mutual exchange of informations with ISAR and other scientific associations. The Association has 420 individual members and 27 supportive corporate members. For membership application forms or further information, please contact Dr. Shiro Shigeta. JAAVC Office, Fukushima Medical College, Department of Microbiology, Hikarigaoka 1, Fukushima, 960-12, Japan. Ph. 81-245-48-2111; Fax 81-245-48-5072.
