

Author index

Volume 51 (2001)

-
- Andersen, J.H., S.A. Osbakk, L.H. Vorland, T. Traavik, T.J. Gutteberg, Lactoferrin and cyclic lactoferricin inhibit the entry of human cytomegalovirus into human fibroblasts **51**, 141
- Babu, Y.S., see Sidwell, R.W. **51**, 179
- Bailey, K.W., see Sidwell, R.W. **51**, 179
- Banerjea, A.C., see Unwalla, H. **51**, 127
- Barnard, D.L., see Sidwell, R.W. **51**, 179
- Boulware, S.L., J.C. Bronstein, E.C. Nordby, P.C. Weber, Identification and characterization of a benzothioephene inhibitor of herpes simplex virus type 1 replication which acts at the immediate early stage of infection **51**, 111
- Bronstein, J.C., see Boulware, S.L. **51**, 111
- Bush, K., see Sidwell, R.W. **51**, 179
- Chen, C.-C., see Kuo, Y.-C. **51**, 95
- Essey, R.J., B.R. McDougall, W.E. Robinson, Jr, Mismatched double-stranded RNA (polyI-polyC₁₂U) is synergistic with multiple anti-HIV drugs and is active against drug-sensitive and drug-resistant HIV-1 in vitro **51**, 189
- Feng, W.-C., see Sidwell, R.W. **51**, 179
- Furfine, E.S., see Jain, R.G. **51**, 151
- Gutteberg, T.J., see Andersen, J.H. **51**, 141
- Ho, Y.-H., see Kuo, Y.-C. **51**, 95
- Huffman, J.H., see Sidwell, R.W. **51**, 179
- Jain, R.G., E.S. Furfine, L. Pedneault, A.J. White, J.M. Lenhard, Metabolic complications associated with antiretroviral therapy **51**, 151
- Kuo, Y.-C., C.-C. Chen, W.-J. Tsai, Y.-H. Ho, Regulation of herpes simplex virus type 1 replication in Vero cells by *Psychotria serpens*: relationship to gene expression, DNA replication, and protein synthesis **51**, 95
- Lenhard, J.M., see Jain, R.G. **51**, 151
- Linde, A., The importance of specific virus diagnosis and monitoring for antiviral treatment **51**, 81
- McDougall, B.R., see Essey, R.J. **51**, 189
- Morrey, J.D., see Sidwell, R.W. **51**, 179
- Nordby, E.C., see Boulware, S.L. **51**, 111
- Osbakk, S.A., see Andersen, J.H. **51**, 141
- Pedneault, L., see Jain, R.G. **51**, 151
- Robinson, W.E., Jr, see Essey, R.J. **51**, 189
- Ruzindana-Umunyana, A., J.M. Weber, Interactions of human lacrimal and salivary cystatins with adenovirus endopeptidase **51**, 203
- Sidwell, R.W., D.F. Smee, J.H. Huffman, D.L. Barnard, J.D. Morrey, K.W. Bailey, W.-C. Feng, Y.S. Babu, K. Bush, Influence of virus strain, challenge dose, and time of therapy initiation on the in vivo influenza inhibitory effects of RWJ-270201 **51**, 179
- Smee, D.F., see Sidwell, R.W. **51**, 179
- Traavik, T., see Andersen, J.H. **51**, 141
- Tsai, W.-J., see Kuo, Y.-C. **51**, 95
- Unwalla, H., A.C. Banerjea, Novel mono- and di-DNA-enzymes targeted to cleave *TAT* or *TAT-REV* RNA inhibit HIV-1 gene expression **51**, 127
- Vorland, L.H., see Andersen, J.H. **51**, 141
- Weber, J.M., see Ruzindana-Umunyana, A. **51**, 203
- Weber, P.C., see Boulware, S.L. **51**, 111
- White, A.J., see Jain, R.G. **51**, 151
