

Notes to Authors

For a full and complete Instructions to Authors, please refer to *Antiviral Research*, Vol. 61, No. 1, pp. v–vii.
The instructions can also be found on the World Wide Web: access under <http://www.elsevier.com>

Electronic manuscripts: Electronic manuscripts have the advantage that there is no need for the rekeying of text, thereby avoiding the possibility of introducing errors and resulting in reliable and fast delivery of proofs.

For the initial submission of manuscripts for consideration, hardcopies are sufficient. For the processing of *accepted papers* electronic versions are preferred. After *final acceptance* your disk plus three, final and exactly matching printed versions should be submitted together. Double density (DD) or high density (HD) diskettes (3½") are acceptable. It is important that the file saved is in the native format of the wordprocessor program used. Label the disk with the name of the computer and wordprocessing package used, your name, and the name of the file on the disk. Further information may be obtained from the Publisher.

Authors in Japan please note: Upon request, Elsevier Japan will provide authors with a list of people who can check and improve the English of their paper (*before submission*). Please contact our Tokyo office: Elsevier Japan, 4F Higashi-Azabu, 1-Chome Bldg, 1-9-15 Higashi-Azabu, Minato-ku, Tokyo 106-0044, Japan, Tel.: (+81) (3) 5561 5037; Fax: (+81) (3) 5561 5047.

Author enquiries

Authors can keep a track on the progress of their accepted article, and set up e-mail alerts informing them of changes to their manuscript's status, by using the "Track a Paper" feature of Elsevier's Author Gateway (<http://www.authors.elsevier.com>)

Full details for the electronic submission of artwork can be obtained from <http://www.elsevier.com/locate/authorartwork/>

Contact details for questions arising after acceptance of an article, especially those relating to proofs, are provided after registration of an article for publication.
